Subject: FW: FPID 435390-1/SR 45/Charlotte - Plans Revision Request within 5 day window

Tim—As recently discussed by phone, District One respectfully requests approval to submit a design revision for the subject project within the five-day letting window. The revision does not involve any quantity changes. A Structures Bearing Pad Data Table simply needs to be revised due to the inadvertent omission of Span No. 2 information. Your favorable consideration is greatly appreciated. Thank you. BAM

Subject: FPID 435390-1/SR 45/Charlotte - Plans Revision Request within 5 day window

Bernie,

I need to request permission from Tim Lattner to submit a revision within the 5 day window for FPID 435390-1. The project is proposed to be let on February 27th. We need to correct the Bearing Pad Data Table on Sheet B2-15 as a result of a pre-bid question.
