Question: 26651: If it is the department's intent to have mast arm ID #3, Pay Item #649-21-13, field cut from 60' to 50'. Then the contractor recommends that this structure be fabricated as a 60' - 50' double arm mast arm, but have the manufacturer factory cut Arm #1, to 50', prior to Galvanizing and Painting. Field cutting will cause damage to the painted surface as well as void the manufacturer's (Responsible Party) 5 year paint warranty bond. Posted: 7/24/2019 10:21:07 AM
