Question: 29573: FIN 439857-1-52-01, Plan Sheet IT-33, This directional bore detail requires a casing to be used which is not consistent with the details of the two other project FIN numbers which only requires the use of a casing under the rail road. Please clarify if it is the intent of the Department to utilize a 6" casing for all directional bores on all three project FIN numbers or if it should only be provided under the rail road. Posted: 4/22/2020 11:29:36 AM

---

Answer: Not all directional bore conduits will use casing. See details shown in the plans for specific locations and requirements. Status: ANSWER PUBLISHED
