Question: 32346: Would the department review the prequalification percentage on this project? Currently the work class percentages favor the Traffic Signal/ Electrical trades. Due to contractor bonding limitations the size of this project will negatively limit perspective bidders. Posted: 1/22/2021 10:33:20 AM

Answer: The breakouts report (Work Class Percentage Report) show calculated work class %s for each proposal based on the advertised budget. The department does not tailor those based on the contractors pre-qualifications. For the subject proposal, the "Traffic Signals" consists of 27% of the proposal cost, which is based on the advertised budget. Status: ANSWER PUBLISHED
