Question: 32287: Dual Wall Polypropylene pipe meets all minimum requirements set forth by FDOT for this project. However, we believe it is mistakenly not shown on the optional materials table. Please confirm that Dual Wall Polypropylene is allowed on this project as it is approved by the FDOT and meets all minimum requirements of Section 948 and Chapter 6. Posted: 1/20/2021 10:15:49 AM

---

Answer: Dual Wall Polypropylene is allowed as long it meets all minimum requirements of Section 948 and Chapter. The contractor will be required to verify minimum requirements. Status: ANSWER PUBLISHED
