Question: 37824: Are all the millings from this project to be delivered to the Camp Road facility. Posted: 4/8/2022 8:41:27 AM

If so, will the department handle the stockpiling of the roughly 40,000 tons or is the contractor responsible for maintaining stockpile.

---

Answer: Refer to the Addendum No. 1 for updates.

Question: 37887: Note 4 of TTCP 1 states that no more than 2 consecutive crossovers can be closed during a work period. In order to perform milling and all paving operations in R1 & L1 would require the closure of the median crossovers as the paving operation go by for safety purposes. With over 50 crossovers on the project with an average of 100 tons of new asphalt between each crossovers this will add significant cost, construction time and transverse pavement joints. Will the department consider relaxing the crossover closures? Posted: 4/12/2022 10:31:05 AM
