

FLORIDA DEPARTMENT OF TRANSPORTATION INVITES YOU TO AN ALTERNATIVES PUBLIC WORKSHOP

PROJECT DEVELOPMENT AND ENVIRONMENT (PD&E) STUDY
County Road (CR) 713/SW High Meadow Avenue from I-95 to CR 714
Martin County, Florida
Financial Project ID: 441699-1-22-02
Efficient Transportation Decision Making (ETDM) Number: 14501

The Florida Department of Transportation (FDOT) will conduct an Alternatives Public Workshop to present different roadway alternatives and obtain feedback. This Alternatives Public Workshop will be offered in two different formats: virtual and in-person. The public workshop will begin with a presentation followed by a question-and-answer period. Attendees can ask questions and/or make comments via the chat function or in-person for project representatives to answer. Questions and comments can be submitted prior to the meeting through the registration link or by emailing the project manager. Project information can be viewed on the project website: <https://www.fdot.gov/projects/cr713pde>.

PD&E STUDY PURPOSE

A PD&E Study is FDOT's process to evaluate the social, economic, and environmental impacts associated with a planned transportation improvement project.

The purpose of this study is to develop viable alternatives to widen CR 713/SW High Meadow Avenue from I-95 to CR 714/Martin Highway from two to four lanes to improve capacity for local and regional travel, freight movement, and emergency evacuation, and to enhance economic development in Martin County. Additionally, this project supports the department's focus on responding to community needs, increasing safety, and improving the supply chain in support of a strong and sustainable transportation system in the state of Florida.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated May 26, 2022, and executed by the Federal Highway Administration (FHWA) and FDOT.

PD&E STUDY SCHEDULE

PD&E Study Start: Fall 2023

PD&E Estimated Completion: Fall 2025
