INSTALLING THE DISABLED TOLL PERMIT ORANGE STICKER

1. Affix the decals to the LOWER LEFT HAND CORNER of the INSIDE of your windshield on the driver's side as shown below. When viewed from the outside, the month will be centered on the left of the permit, and the year will be centered on the right of the permit.
2. The windshield MUST be kept clean at all times in order for clear visibility for toll collection personnel.
3. The **permit holder MUST use a 'manned' lane** when available and stop his/her vehicle in order for toll collection personnel to accurately record the decal number to account for passage.

DRIVER'S SIDE
