

KNOW YOUR CLASS. KNOW YOUR PATH.

E-bikes come in three classes with different speeds and rules about where you can ride.

CLASS

CLASS

CLASS

*Maximum speeds indicate the point at which the motor stops providing assistance. Some e-bike models can operate as both **Class 2** and **Class 3**, allowing riders to switch between the two modes. Check specifications and safety before purchasing.

**Local governments may require
age minimums and/or government-issued
photo ID for e-bike riders.**
