FDOT Community Traffic Safety Teams to Conduct Traffic Safety Operation & Press Conference

Friday, November 19, 2021

MIAMI, Fla. – The Florida Department of Transportation (FDOT) District Six and various local law enforcement agencies will conduct a multi-agency traffic safety enforcement and educational detail along State Road (SR) 5/US 1 from SR 953/SW 42 Avenue/Le Jeune Road to SW 184 Street from 9 p.m. to 2 a.m., Friday, November 19, 2021

This operation will begin with a press conference and media availability featuring speakers from The Pinecrest Police Department, FDOT and Mothers Against Drunk Driving (MADD) from 8 p.m. to 9 p.m. followed by the education/enforcement detail. The press conference will take place at Evelyn Greer Park, 8200 SW 124 Street, Pinecrest, FL 33156.

The event is being coordinated by the Southeast Community Traffic Safety Team (SE CTST) with the assistance of the Florida Department of Transportation's Community Traffic Safety Program (CTSP). The goal of the CTSP is to reduce the number and severity of traffic crashes through a comprehensive, multi-jurisdictional approach that combines the four E's of safety: enforcement, emergency services, education, and engineering.

Law enforcement will be focusing on impaired driving (DUI) through the on-going Drive Sober, Get Pulled Over National Campaign, as well as aggressive driving, (as part of FDOT's on-going Drive Safe Campaign), distracted driving, red-light running, speeding, seatbelt use, move-over law compliance and general traffic safety.

For more information on this event, please contact FDOT District Six Community Traffic Safety Program Coordinator, Carlos Sarmiento at 305-470-5437 or by e-mail at Carlos.Sarmiento@dot.state.fl.us.

Improve Safety, Enhance Mobility, Inspire Innovation
FDOTMiamiDade.com | @MyFDOT_Miami | Facebook.com/MyFDOTMiami

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
