COPIES: Will Watts, Dan Hurtado, Tim Lattner, Paul Hiers, Vern Danforth, Khoa Nguyen (FHWA)

SUBJECT: Technical Special Provisions (TSPs)

This Memorandum provides notification of changes for TSPs to the Specifications Handbook and CADD Manual 8.4.2.1. All construction and maintenance contracts with January 2023 lettings and forward will no longer require TSPs to be merged into the Contract's Specifications Package. However, the titles for each TSP will need to be listed on the TSP header page in the Table of Contents, after the package is merged. TSPs are still required to be individually signed and sealed by the design Engineer responsible for the technical content and made part of the Contract as an attachment to the Contract Documents. Contract Specifications packages that have already been prepared as of the date of this Memorandum are not required to be revised.
