GENERAL NOTES

1. The location and construction of mailboxes shall conform to the rules and regulations of the United States Postal Service as modified by this Index.

2. Mailboxes will not be permitted on interstate highways, freeways, or other highways where prohibited by law or regulation.

3. The contractor shall give the Postmaster of the delivery routes(s) written notice of project construction 7 days prior to the beginning of work, with Saturdays, Sundays and Holidays excluded.

4. Mailbox production standards, lists of approved manufacturers and suppliers of mailboxes, design approval and guidance may be obtained by the Postmaster as a postal address, the Contractor shall invoice the house number on the box. If the box is located on a different street from the patrons residence, the Contractor shall invoice the street name and house number on the box.

5. Mailboxes shall be located on the right-hand side of the roadway in the direction of the delivery route, except on one-way roads and streets where they may be placed on the left-hand side.

MAILBOXES

6. Mailboxes on rural highways shall be set with the roadway side of the box off-set from the edge of the traveled way a minimum distance of the greater of the following:
   a. Shoulder width plus 8" to 12".
   b. 10' for ADT over 10,000 vpd.
   c. 18' for ADT over 10,000 vpd.
   d. 20' for ADT under 100 vpd.

7. Mailboxes shall be set with the bottom of the box between 42" and 48" above the mail stop surface, unless the U.S. Postal Service establishes other height restrictions.

8. Lightweight newspaper receptacles may be mounted below the mailbox on the far side of the support post in conformance with the USPS Domestic Mail Manual.

9. Wood and steel support posts for both single and double mailbox mountings shall be embedded no more than 24" into the ground.

10. Support posts shall not be fitted nor installed with surface mount base plates.

11. Steel support posts shall have an external finish equal to or better than two coats of weather resistant, air dried or baked, paint or enamel. Surface finishes are to be suited to support post finish.

12. Mailboxes shall be paid for under the contract unit price for Mailboxes. Each. Payment shall be full compensation for boxes, posts and accessory items required.
