Index 102-680 Haul Road Crossing

Design Criteria

*Manual on Uniform Traffic Control Devices* (MUTCD); *FDOT Design Manual* (FDM)

Design Assumptions and Limitations

See the *Standard Plans Instructions* for the 102 Series – *Temporary Traffic Control (TTC)*.

*Index 102-680* provides a Standard TTC Application for haul road crossings. The index applies to two-lane and multilane roadways, except limited access roadways.

Plan Content Requirements

Include the location of any haul road crossing and associated work zone signs and devices in the TTC Plans.

Payment

See the BOE and *Specifications 102* for information on payment, pay item use, and compensation.
