Index 102-680 Haul Road Crossing

Design Criteria

Manual on Uniform Traffic Control Devices (MUTCD); FDOT Design Manual (FDM)

Design Assumptions and Limitations

See the **Standard Plans Instructions** for the **102 Series – Temporary Traffic Control** (TTC).

Index 102-680 provides a Standard *TTC* Application for haul road crossings. The index applies to two-lane and multilane roadways, except limited access roadways.

Plan Content Requirements

Include the location of any haul road crossing and associated work zone signs and devices in the *TTC* Plans.

Payment

See the **BOE** and **Specifications 102** for information on payment, pay item use, and compensation.
