

Index 102-680 Haul Road Crossing

Design Criteria

Manual on Uniform Traffic Control Devices (MUTCD); FDOT Design Manual (FDM)

Design Assumptions and Limitations

See the *Standard Plans Instructions* for the *102 Series – Temporary Traffic Control (TTC)*.

Index 102-680 provides a Standard *TTC* Application for haul road crossings. The index applies to two-lane and multilane roadways, except limited access roadways.

Plan Content Requirements

Include the location of any haul road crossing and associated work zone signs and devices in the *TTC* Plans.

Payment

See the *BOE* and *Specifications 102* for information on payment, pay item use, and compensation.
