

## Index 160-001 Median Stabilizing Details

### Design Criteria

*FDOT Standard Specifications (Specifications), Section 160; FDOT Flexible Pavement Design Manual (FPDM); and FDOT Rigid Pavement Design Manual (RPDM)*

### Design Assumptions and Limitations

*Index 160-001* provides minimum limits for stabilizing the subgrade at median openings for crossovers, turn lanes, and traffic separators.

For additional information about stabilized subgrade, refer to the *Flexible Pavement Design Manual (FPDM)* and *FDOT Rigid Pavement Design Manual (RPDM)*.

### Plan Content Requirements

Provide the limits and bearing requirements of stabilized subgrade on the roadway Typical Sections.

### Payment

Item number	Item Description	Unit Measure
160-4	Type B Stabilization	SY

See the *BOE* and *Specification 160* for additional information on payment, pay item use and compensation.
