Index 580-001 Landscape Installation

Design Criteria

FDOT Design Manual **(FDM)**,**Southern Pine Inspection Bureau (SPIB)**, Standard Grading Rules for Southern Pine.

Design Assumptions and Limitations

Follow the Standard Plans Process outlined in ***FDM* 228** and ***FDM 944***.

Stakes, lodge poles, straps, cinch buckles, cross-braces, braces, battens, nails, screws, anchors, safety flags, soil, soil ring, and mulch are included within ***Index 580-001***.

See General Notes for assumptions used in the creation of and limitations on the usage of the Index.

Other conditions may exist that are not covered by ***Index 580-001***. See Designer generated signed and sealed details for these conditions.

Plan Content Requirements

Insert ***Standard Plans, Index 580-001***, into the appropriate component or standalone plan set in accordance with ***FDM 901***.

Provide information, details, notes, tables, call-outs, etc. in accordance with ***FDM 944***.

Payment

Item number	Item Description	Unit Measure
0580-1-1	LANDSCAPE COMPLETE – SMALL PLANTS	LS
