

Index 695-001 Traffic Monitoring Site

Design Criteria

FDOT Design Manual (FDM) FDM 110; Traffic Monitoring Handbook (TMH)

Plan Content Requirements

See [FDM Part 9](#).

Show on the Plan & Profile Sheets the proposed locations for Traffic Monitoring Sites (TMS). Show the loop layout, location of axle sensors, and cabinet locations on the Roadway Plan Sheet. If the scale of the Plan Sheet is too large to detail the site features, use a separate Detail Sheet to detail the features of the TMS.

Payment

Include the pay items for the TMS in Category 0200 - Roadway.
