

1/14/2026 7:15:56 AM

GENERAL NOTES:

- 1. Sign dimensions are shown in width by height (W x H) throughout the Index.
- 2. See APPENDIX for previous sign numbering crosswalk.

NUMBERING CONVENTION:

FTP-AAA B/C-DD or TTC-AAA B/C-DD

- AAA = Sign Type
- B = Size Adjustments to Smallest Available Sign Size (A,B,C)
- C = Left or Right (L or R)
- DD = Year of update

- Example 1: Size Adjustment - FTP-001A-25
- Example 2: Direction Application - FTP-103R-25
- Example 3: Size and Direction - FTP-037AR-25

SIGN TYPES (AAA):

- FTP-001-199: Regulatory
- FTP-200-399: Warning & Advisory
- FTP-400-599: Motorist Service
- FTP-600-799: Guide
- FTP-800-899: Recreational & Cultural
- FTP-900-999: Miscellaneous
- TTC-001-199: Temporary Traffic Control

GUIDE SIGN USE

FTP-612-25 - FLORIDA ROUTE MARKER

1 or 2 DIGITS

| DIGITS | NUMERAL SIZE | SERIES LEGEND | PANEL SIZE |
|--------|--------------|---------------|------------|
| 1-2    | 10"          | D             | 24" x 24"  |

3 or 4 DIGITS

| DIGITS | NUMERAL SIZE | SERIES LEGEND | PANEL SIZE |
|--------|--------------|---------------|------------|
| 3      | 8"           | D             | 30" x 24"  |
| 4      | 8"           | C             | 30" x 24"  |

NOTES:

- Stroke width of State Outline shall be 1".
- The 24" X 24" panel shall only be used for a 3 digit route when the panel is to be used on a sign cluster with other 24" X 24" panels.
- 1 1/2" Radii

INDEPENDENT USE OTHER THAN FREEWAY

NOTES:

- Series D Legend, all upper case.
- Color: Yellow Legend and Border on Blue Background.
- When used on a guide sign, marker must be overlaid on a square Yellow Background as shown in chart.
- When two or more County Route Markers are mounted together, use the dimensions of the largest marker for all other markers.

FTP-613-25 - COUNTY ROUTE MARKER (M1-6)

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
