Phone: (850) 921-7305

Email: malcolm.tomatani@dot.state.fl.us

COMMENTARY

Districts have commented that double nuts are more difficult to install with negligible safety benefits. ASTM withdrew B308-10 so we need to change it to ASTM B221

COMMENTS AND RESPONSES

BLACK = Industry Review Comments **RED** = Standard Plans Response

Name: Nick Benedico / Tetra Tech

Date: September 18, 2020

COMMENT: 700-010 5/10, Concrete S/Stub Detail: Why is the note below the detail title given the number 4? There are no notes 1, 2, or 3 on the sheet. Elsewhere in this series of indices, notes are renumbered every sheet.

RESPONSE: The redline marks the note as Note 4 but the DRAFT index Sheet 5 only references "Note".
