COMMENTARY

Changed to reflect Materials specification change that removes the designation for Class I Concrete. Please see the attached Standard Specification Section 346 DRAFT for the Class I revisions proposed by the State Materials Office.

COMMENTS AND RESPONSES

BLACK = Internal Review Comments **RED** = Standard Plans Response **GREEN** = Change Made to Index

Name: Alan Weeks

Date: 7-28-21

COMMENT: Should the Base and Foundation Detail indicate Finished Grade on one side and also concrete sidewalk with bond breaker or expansion material on the other?

Is there a minimum distance from the R.O.W. line?

RESPONSE: This comment is outside the scope of the revisions proposed to the Index. We will evaluate further for inclusion in a future release of the Standard Plans Index.

No change made to Index.

Date: 8-4-21
