## Index 550-001 Fence Type A

### ORIGINATION

**Date:** 1/23/25

**Name:** Shae Gibbs

**Phone:** (850)414-4314

**Email:** shae.gibbs@dot.state.fl.us

### COMMENTARY

Worked closely with District 3 to add Wildlife Fence detail sheets at the request of the Districts.

### COMMENTS AND RESPONSES

**BLACK** = Industry Review Comments   **BLUE** = Standard Plans Response   **GREEN** = Change Made to Index

**Name:** Kevin Micocci

**Date:** 8/7/25

**COMMENT:** I recommend providing a grounding detail when crossing under electrical lines. This is an often missed specification by Contractors, and the Standard Plan note is being removed. However, it is not clear how the grounding is intended to be tied to the metal mesh.

**RESPONSE:** Thank you for your comment. This is covered in a new General Note #9 “Install Electrical Grounds for Fence that is Installed within Electrical Transmission Right(s) of Way in Accordance with Specification 550.” Connection requirements are also covered in Specification 550.

**CHANGE MADE TO INDEX:** No.

*Response Date:* 8/21/25
