UAO Representative Setup

UAO Representative are users in the PSEE Utility Module who log in with an ISA account. These users will be given assignments as well as the access to historical utility information. Access to PSEE Utility Module by external users is a multi-step process.

- 1. Create an ISA User Account
- 2. Request Permission to PSEE

Creating an ISA User Account

The PSEE Utility Module is the first module to allow for access by ISA users. UAO representative will need to create an ISA account and verify the account using an existing and valid email address.

FDOT maintains an ISA new user setup function to allow new users to create an account. The ISA site is maintained outside of PSEE as several additional enterprise level applications support the use of ISA users. Users of FDOT applications such as ERC (Electronic Review Comments), OSP (One-Stop Permitting), or FTA (File Transfer) already have an ISA account that can be used to access PSEE.

If you already have an account but have not used it in the past 3 months, you will be prompted to update your password.

1. An external user is to create an account via the ISA portal. External users will access the ISA page here: <u>https://www3.dot.state.fl.us/internetsubscriberaccount/default.aspx</u>

Again if you already have an account for ERC, OSP or FTA – you already have an ISA account. If unsure, complete the information again. They ISA system will give you a message if your email is already associated to an ISA account.

2. Once all fields are completed and the Terms of Use have been read, click the checkbox for confirmation and to have the account created.

Please check the email address you gned up with for your verification email. You account cannot be used until it is verified.
- The email will be sent to the email address entered.
 Click the link for the external user to verify they are requesting an account.

5. Reenter the password to complete the account setup.

Updating/Resetting ISA password

The ISA site is maintained outside of PSEE as several additional enterprise level applications support the use of ISA users. Users of FDOT applications such as ERC (Electronic Review Comments), OSP (One-Stop Permitting), or FTA (File Transfer) already have an ISA account that can be used to access PSEE.

Those who already have an account but have not used it in the past 3 months will be prompted to update your password. If you don't receive the prompt and need to change your password follow these steps.

- Click the following link directly to the ISA portal: <u>https://www3.dot.state.fl.us/internetsubscriberaccount/default.aspx</u>
- 2. Click "Change Password".

NOTE: Your password must be exactly 8 characters. You will need 1 Uppercase, 1 Lowercase and 1 special character.

3. Complete the four entry boxes and click submit.

If you are an FDOT staff or a Consultant with an FDOT RACF User ID (Mainframe ID), please use your RACF ID to login to the PSEE application. If you are a Utility Agency/Owner (UAO) user that does not have a RACF User ID (Mainframe ID), please use your Internet Subscriber Account (ISA) which uses an email address to login to the PSEE application. If you don't have an ISA account, click below to create a new one.

2. Once reset, the ISA Account user will be logged into PSEE.

Г

3. If challenge question is answered incorrectly or answer is forgotten, then the external user (UAO) must contact the Service Desk using the phone number or link in the footer requesting that their password be reset. The Service Desk will send an email to the CO-PSEE-UPC_ADMIN email group with the request to reset the password for the external user.
