JACIP IMPORTANCE & OVERVIEW

1. JACIP is FDOT's aviation grant management system
2. JACIP use is required per FDOT Policy 725-040-040, Aviation Program Management
3. Updating JACIP is necessary to receive funding for the selected projects
4. Allows airports, FDOT, and the FAA to coordinate and allocate funding for specific projects. Also, allows Central Office FDOT to see overall state needs

JACIP KEY POINTS

- Ensure project details and cost estimates are accurate when requesting a new 5th year project
- Delete obsolete/unfunded projects
- Make sure your priorities are numbered correctly for each Fiscal Year
- Projects that must be included in JACIP:
 - Active
 - Current 5 Year Work Program
 - FAA Only
