

Commitment Search

The Commitment Search feature allows users to search for Commitments present in PSEE. For more information regarding Commitments in PSEE, please read the [Commitment Module Help Document](#).

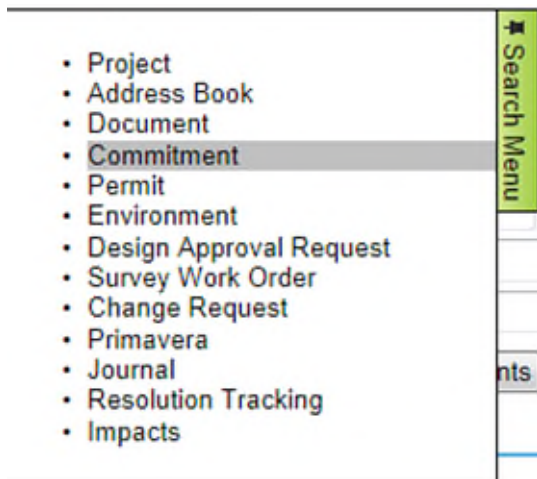

1. Select **Search** from the main menu on the upper right corner of the screen.

2. By default you are taken to the Project Search screen. Move your cursor over the Search Menu to display all searches available.

3. Select the **Commitment Search**.

4. Select the values that should be used to search for Commitments. You may provide a combination of one or many values.

- **Project Search Options:** Check this checkbox to view all options from the Project Search. All of these options will be factored into the search along with any other options entered specific to Commitments. For details on using the Project Search, please reference the Project Search Help Manual.

- Made Date:** Provide a range of dates that the Commitment was made between. To search for Commitments made on a single day, enter that date as both the “From” and “To” date. Dates that have been left blank are considered open ended. For example, setting the “From” date to 3/14/2010 and leaving the “To” date blank would match any Commitment made since March 14 of 2010.
