Dixie Highway under Roosevelt Bridge Full Closure

STUART, Fla. – Dixie Highway under the southern end of the Roosevelt Bridge will be closed to all traffic beginning 9 p.m. on Friday night, January 8, to Monday morning, January 11, at 5 a.m. for roadway resurfacing.

A full closure allows all lanes of the roadway to be resurfaced simultaneously, accelerates the work, and reduces prolonged impacts to the community that would result if the work is done by multiple lane closures. Motorists, pedestrians and cyclists should detour using U.S. 1 over Roosevelt Bridge.

For additional real-time Roosevelt Bridge updates, follow FDOT District 4 on social media:

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
