### **FDOT Announces Second Phase of Critical Infrastructure Project Accelerations**

*~ More than 40 projects expedited by at least 650 total contract days ~*

**TALLAHASSEE, Fla.** – Under the direction of Governor Ron DeSantis, the Florida Department of Transportation (FDOT) announced a second phase of critical infrastructure projects that have been accelerated throughout the state. Due to continued lower traffic volumes as a result of COVID-19, FDOT expedited more than 40 critical transportation projects by at least 650 total contract days, while also providing essential jobs to Floridians.

“FDOT is proud to continue implementing Governor DeSantis’ forward-thinking directive to accelerate crucial transportation projects and more swiftly enhance the state’s overall transportation system,” said Florida Department of Transportation Secretary Kevin J. Thibault, P.E. “The transportation industry is vital to our economy and is essential as we move forward to re-open Florida. We will continue to accelerate projects as much as possible, while also incorporating the CDC’s safety and sanitation guidelines.”

Following a review of all pending construction projects across all FDOT districts, including the Florida Turnpike Enterprise, FDOT has identified the following additional projects, by region, to be accelerated:

#### **Northwest Florida**

- **The resurfacing of SR 30A (US 98) from Transmitter Road to SR 30** will be accelerated by 1 week.
- **The sidewalk project on SR 30 from E. Lakeshore Dr. to Portside Dr.** will be accelerated by 1 week.
- **The resurfacing of SR 77 from the end of curb to south of Washington County Line in Bay County** will be accelerated by 30 days.
- **The widening and resurfacing of SR 368A from east of Moody Ave. to west of SR 368 in Bay County** will be accelerated by 21 days.
- **The resurfacing of SR 95 from south of CR 184 to SR 97 in Escambia County** will be accelerated by 10 days.
- **The painting of steel superstructure components and replacement of steel members on the CR 270A Bridge in Gadsden County** will be accelerated by 70 days.
