### **Dixie Highway to Close This Thursday Night and Friday Night for Roosevelt Bridge Repairs**

**TALLAHASSEE, Fla.** – The Roosevelt Bridge repair contractor will close Dixie Highway under Roosevelt Bridge in Stuart from 9 p.m. to 5 a.m., this Thursday night and Friday night, September 24-25 to facilitate ongoing repair work. It is necessary to close Dixie Highway to perform this work safely.

Vehicle traffic should detour using U.S. 1/Roosevelt Bridge, which has a 5-ton vehicle weight restriction. Vehicles weighing more than 5 tons should detour using I-95, Florida's Turnpike or S.R. A1A. Tolls remain suspended on Florida's Turnpike for large vehicles with three or more axles between milepost 133 (Monterey Rd.) and milepost 142 (Port St. Lucie Blvd). Detour routes can be found on the project website at [fdot.gov/Roosevelt](http://fdot.gov/Roosevelt).

The contractor remains on schedule to complete the repairs and crews continue to work 7 days a week to complete the necessary work as timely as possible. For additional real-time updates on the Roosevelt Bridge project, follow FDOT District 4 on its social media channels:
