Florida Scenic Highways Photo Contest

The Florida Scenic Highways Program held a photo contest to gather images capturing Florida Byways in 2018. We partnered with FDOT Safety, who designed and printed this calendar highlighting winning images. Our byway collection includes **26 state designated scenic highways**. Of these, five are further designated at a federal level as **National Scenic Byways**, and the **Florida Keys Scenic Highway** is the only byway in Florida designated as an **All American Road**. Participation in the grassroots Scenic Highways Program provides benefits to the affiliated region, including preservation, beautification, resource protection, and tourism.

Our Scenic Highways

The calendar displays the number of each byway on this map on the designation date, or “byway birthday.” Refer back to this map for each byway location. You can find driving directions to byways and more at floridascenichighways.com.

Drive Sober or Get Pulled Over

Drive Sober or Get Pulled Over focuses on law enforcement and their goal to stop impaired drivers. The campaign highlights a constant police presence searching for impaired drivers as a way of deterring people from driving under the influence.

2019 Crossing Guard Appreciation Day (Feb. 1st)

Who are they? With stop paddle held high and often traffic whizzing by, they are out there. Despite the Florida heat, humidity and rain, they are out there. **They perform** a vital service protecting our precious children across the state. **They educate** our children how to cross safely. As professionals looked up to by students, they are vital members of your school community. They are our **Crossing Guards**. Next time you see your crossing guard, be sure to thank these special folks!

St. Patrick's Day

Each year, St. Patrick's Day is celebrated with parades and plenty o' green alcoholic drinks. Unfortunately, it often ends with risky impaired drivers taking to the streets when the parties end. This St. Patrick's Day weekend, remember: **Drive Sober or Get Pulled Over**. If you plan to go out and enjoy the evening with alcohol, make sure you refrain from driving.

National Secure Your Load Day

Have you ever had a rock hit your windshield? Then you know how quickly this can happen. Now imagine that object is a ladder or piece of furniture and the car behind that load is your family. Most states have a law on unsecured loads and you should know the law in your jurisdiction. A load must be securely fastened and is only secured when nothing can slide, fall or shift onto the road.

4th of July Drive Sober

Celebrated across the country, Independence Day is often marked by great food, fireworks, and time making memories with family and friends. Don't let those good memories turn into nightmares by making the tragic decision to drive while under the influence. As you, your friends, and your family head out to the July Fourth festivities this summer, keep safety at the forefront. During the Fourth of July holiday weekend, make sure you plan for a safe week of festivities, keeping in mind this vital message: **Drive Sober or Get Pulled Over.**

National Stop on Red Week

The goal of the **Stop Red Light Running Program** is to help educate the public on the dangers of red-light running. Red-light running is a serious intersection safety issue across the nation. The **Insurance Institute for Highway Safety (IIHS)** reports that half of the people killed in red-light running crashes are not the signal violators. They are drivers and pedestrians hit by red-light runners.

Child Passenger Safety Week

In Florida: **Children 5 years old or younger** must be properly restrained in a federally approved, crash tested, child restraint device. **Children 3 years old or younger** must be in a separate carrier or a vehicle manufacturer's integrated child seat. For **children 4 to 5 years old**, a separate carrier, an integrated child seat or a child booster seat may be used. **Children 6 to 18 years old** must be properly belted at all times regardless of location within the vehicle. In addition, FDOT follows the **American Academy of Pediatrics** recommendations that **children age 12 and under** should ride properly buckled in the back seat.

OLDER DRIVER Safety Awareness Week

It is a fact of life that people grow older every day. With increasing age come changes in physical, mental and sensory abilities that can challenge a person's continued ability to drive safely. But there are a variety of safe travel options for people of all ages. The real need is a broader awareness of the solutions, rather than a narrow focus on the problem.
