JENKINS ROAD NEIGHBORHOOD MEETING

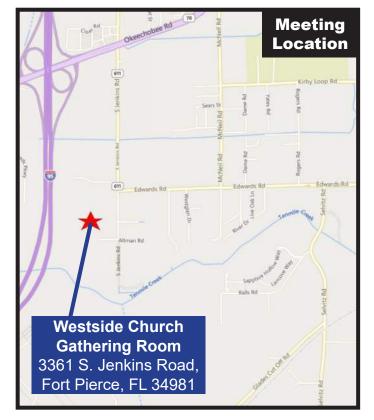

St. Lucie Planning
Organization

Jenkins Road Project Development and Environment (PD&E) Study from CR 712/Midway Road to SR 68/Orange Avenue St. Lucie County, Florida

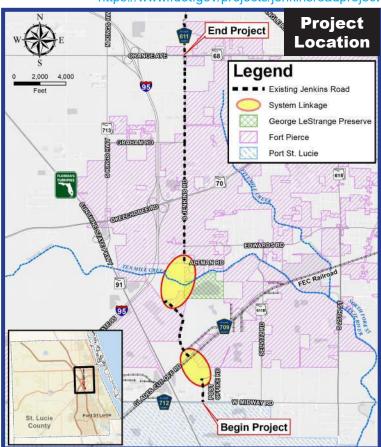

An informal public meeting is being conducted by the St. Lucie Transportation Planning Organization (TPO) for the Jenkins Road PD&E Study. A PD&E Study is FDOT's process to evaluate the social, economic, and environmental impacts associated with a planned transportation improvement project.

The purpose of this informal meeting is to discuss how traffic congestion issues caused by growth and development are proposed to be addressed by widening improvements to Jenkins Road. Other transportation improvements being proposed include adding sidewalks, shared use paths, and bike lanes to increase the safety of the local community.

The St. Lucie TPO satisfies the requirements of various nondiscrimination laws and regulations including Title VI of the Civil Rights Act of 1964. Public participation is welcome without regard to race, color, national origin, age, sex, religion, disability, income, or family status.
