Reporting Procedures for Spill Response

Containment Steps

1. Proceed if you feel safe!
2. Stay up wind of spill
3. Wear proper PPE
4. Set up cones or barricades
5. Place absorbents on spill
6. Divert spill away from inlets or bodies of water

Non-Reportable Spill

1. Known material
2. Can be safely contained
3. On impervious surface
4. Does not enter waters

Reportable Spill

1. Unknown material
2. Do not feel safe
3. Into waters or storm sewer
4. Spills requiring state notification

Safety First – If you don't know, don't touch – just call!
