**HURRICANE SALLY  
EMERGENCY ORDER  
(Pursuant to Executive Order No. 20-224)**

I hereby find that the Department of Transportation's timely performance of disaster response functions related to the Hurricane Sally is hindered by the application of procedures imposed by statute, rule, or order.

Therefore, pursuant to the authority granted by Section 4 of Executive Order 20-224, I hereby suspend the effect of any statute, rule, or order, as needed to allow the establishment of alternate size and weight restrictions for divisible loads on any vehicles transporting emergency equipment, services, supplies, and agricultural commodities as recommended by the Commissioner of Agriculture, and as needed to waive by special permit the warning signal requirements in the Utility Accommodation Manual to accommodate public utility companies from other jurisdictions to render assistance in restoring vital services, subject to the limitations expressed in Executive Order 20-224.

I hereby also suspend any statute, rule, or order, including those which effect leasing, printing, purchasing, travel, the conditions of employment and the compensation of employees, or the use of State Transportation Trust Funds off the State Highway System, to the extent necessary to ensure the timely performance of the Department of Transportation's disaster response functions as prescribed in the State Comprehensive Management Plan or as directed by the State Coordinating Officer.

This order shall expire on the earlier of the expiration or rescission of Executive Order 20-224 or September 27, 2020, unless extended by me.

Effective this 16th day of September 2020.
