**MATERIALS BULLETIN NO. 12-14**

**DCE MEMORANDUM NO. 21-14**

*(FHWA Approved: 10/8/2014)*

**TO: DISTRICT MATERIALS AND RESEARCH ENGINEERS  
DISTRICT CONSTRUCTION ENGINEERS**

**FROM:** Timothy J. Ruelke, P.E., Director, Office of Materials  
David A. Sadler, P.E., Director, Office of Construction

**COPIES:** Rudy Powell, Tom Byron, Bob Burleson, Chad Thompson, Nick Finch, Paul Vinik, Mike Bergin, Rafiq Darji

**SUBJECT: APPROVAL OF CONCRETE CURING COMPOUNDS**

The July 2014 Supplemental Specification Section 925 revised the acceptance protocol for concrete curing compounds. For projects let after July 1, 2014, Concrete Curing Compounds are prequalified for use and are included within the Department's Qualified Products List (QPL). This Memorandum is to clarify that for projects let prior to July 1, 2014, QPL approved Concrete Curing Compounds may be used. This Memorandum serves as a blanket approval to process a no-cost change order for projects let prior to the implementation of this revision.

For questions concerning this matter, please contact Richard DeLorenzo at 352.955.6667.
