**MATERIALS BULLETIN NO. 05-15**

**DCE MEMORANDUM NO. 03-15**

*(FHWA Approved: 02/20/2015)*

**TO: DISTRICT MATERIALS AND RESEARCH ENGINEERS  
DISTRICT CONSTRUCTION ENGINEERS**

**FROM: Timothy Ruelke P.E., Director, Office of Materials  
David A. Sadler, P.E., Director, Office of Construction**

Handwritten signatures in blue ink for Timothy Ruelke and David A. Sadler, corresponding to the names in the 'FROM' field.

**COPIES: Rudy Powell, Tom Byron, Bob Bureson, Jim Warren, Jim Musselman, Nick Finch,  
Rafiq Darji**

**SUBJECT: EMULSIONS NOW LISTED ON APPROVED PRODUCTS LIST**

Effective with the January 2015 Specifications, Section 916 was revised to now require that asphalt emulsions (tack and prime materials) be listed on the Approved Products List (APL) instead of being issued a pretest number from the State Materials Office. For projects let prior to January 2015, use of products listed on the APL is acceptable in lieu of using a product with a pretest number.

Pretest numbers were valid for three months, however products listed on the APL do not have an expiration date due to continuous quality control testing performed by the supplier and verified randomly by the State Materials Office.

This memorandum serves as a blanket approval to process a no-cost specification change for ongoing projects.

For any questions concerning this matter, please contact Greg Sholar at 352.955.2920.
