**SUBJECT: REDISTRIBUTION TERMINALS - ALLOWABLE PERCENT FINES**  
**(MINUS 200 SIEVE) IN COARSE AGGREGATE FOR CONCRETE PRODUCTS ONLY**

The Department will permit rail Redistribution Terminals to ship and certify limestone coarse aggregate, designated only for concrete products, provided that the percent fines (minus 200 sieve) meet compliance requirements of a maximum 2.5 percent.

Table 1 of Section 901 lists the aggregate concrete products allowed for use. Stockpiles cannot be comingled with any aggregate materials intended for hot mix asphalt.

The Department may sample and test aggregates at concrete plants receiving these products. No single test result for minus 200 shall exceed the maximum 3.75 percent currently set forth at the point of use in Section 901.

**This memorandum serves as blanket approval to process a \$0.00 contract change to incorporate the above referenced revision and should be attached to the Work Order or Supplemental Agreement.**
