

Florida Department of TRANSPORTATION

Ride Acceptance for Laser Profile

February 10, 2021

Requesting a Ride Acceptance Laser Profile in MAC

1. From the MAC home screen, select the Manage Samples menu option.

2. Select the Create Sample Login page level action on the left side of the screen.

A Create Sample dialog box will appear.

A red star (★) indicates a required field.

A screenshot of the "Create Sample Login" dialog box. It contains the following fields:

- Sample Category:** A dropdown menu set to "Project" with a blue "3" icon to its right.
- Contract/Project:** A text input field with the placeholder "Type Contract Number/Description or 4 ect Number/Desc" and a red star icon to its right.
- Pay Items:** A text input field with the placeholder "Type Pay Item 6 ber/Description".
- Material/Specification:** A text input field with the placeholder "Type Spec Id or Name" and a blue "5" icon to its right.

3. The Sample Category defaults to Project. Leave it as is.

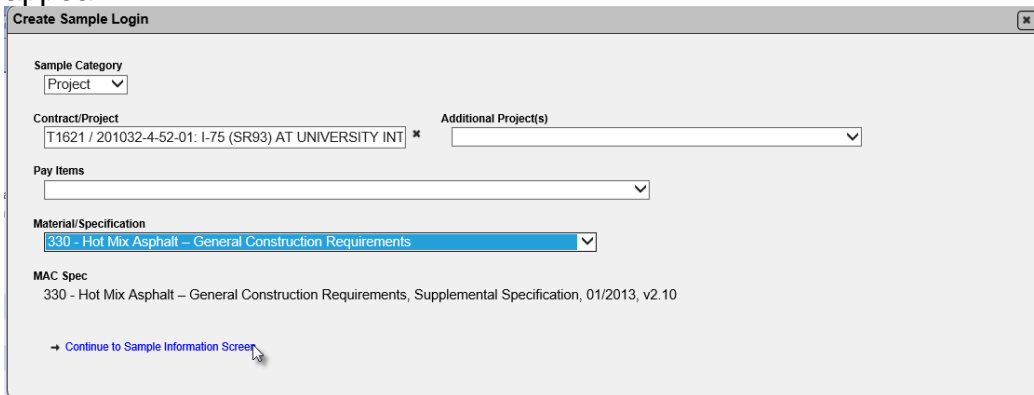

4. Begin typing the contract number or Financial Project Id in the Contract/Project field. Either can be supplied.

5. Skip the Pay Item field and enter 330 in the Material/Specification field next.

NOTE: If the project falls under the IRI Developmental specification, please select the DEV330SM option. If the project falls under the IRI developmental specification and the MAC spec DEV330SM is not an available option to choose, please contact Ronald (Hank) Lambert at ronald.lambert@dot.state.fl.us or 352-955-6332.

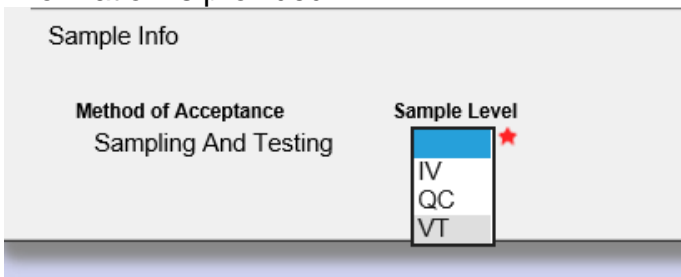

6. If desired, you can select the pay item, but it is optional. Do NOT select the pay item if the contract is Lump Sum or Design Build.

When this information is given, an option to Continue to the Sample Information Screen will appear.

7. Select the Continue to Sample Information Screen option to continue.

The dialog box will be expanded to show more fields. Additional fields will be added as more information is provided.

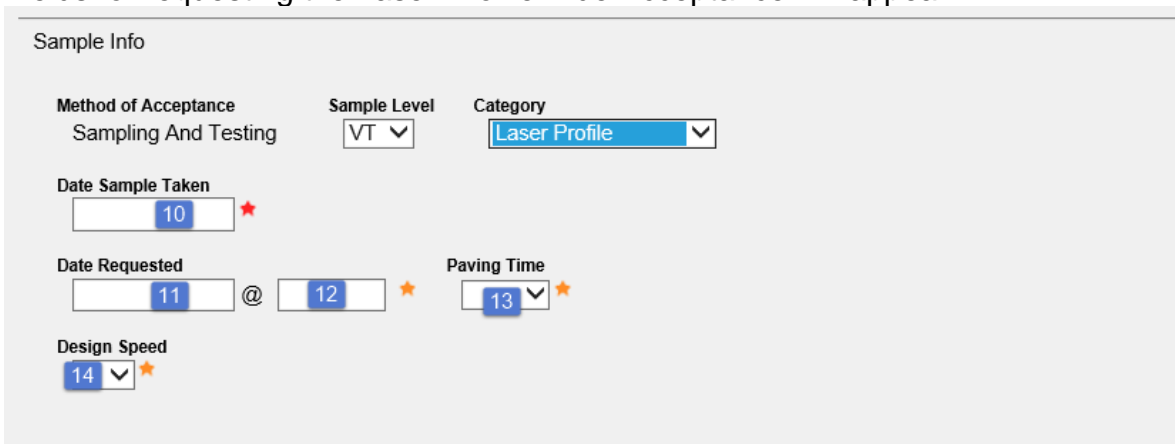

8. Select Sample Level VT from the Sample Level drop down list.

9. Select Laser Profile from the Category drop down list.

Fields for requesting the Laser Profile Ride Acceptance will appear.

10. Enter today's date in the date sample taken field.

11. Enter the date the project will be ready for testing in the Date Requested field.
12. Enter the time you would like to schedule the Laser Profile Ride Acceptance @ field.

NOTE: If traffic volume and/or signalized intersections are of concern, testing may be more appropriate for night hours.

13. Select the appropriate selection from the Paving Time dropdown for the time which a majority of the paving took place.
14. Select the Design Speed which the typical sections of the project were designed.

NOTE: The design speed and posted speed are not always the same. If multiple design speeds are present, select the predominate design speed that is 55 mph or above.

The screenshot shows a 'Location Info' form with the following fields:

- Road Number: A search box with a star icon and a dropdown menu showing '87030000: US 1/SR 5'.
- Beginning Mile Post: A text input field with the value '16'.
- Ending Mile Post: A text input field with the value '17'.
- Station From: A text input field with the value '18'.
- Station To: A text input field with the value '19'.
- Lane: A dropdown menu with the value '20'.

 Below the form is a search dropdown for 'Road Number' with the value '87030000: US 1/SR 5' highlighted in yellow.

15. Enter the Roadway ID in the Road Number field. This field can be found on the project key sheet:

STATE OF FLORIDA
DEPARTMENT OF TRANSPORTATION

CONTRACT PLANS

FINANCIAL PROJECT ID 430588-2-52-01

MIAMI-DADE COUNTY (87030000)

STATE ROAD NO. 5

US 1 / BISCAYNE BLVD.

FROM S OF NE 76th ST. TO S OF NE 87th ST.

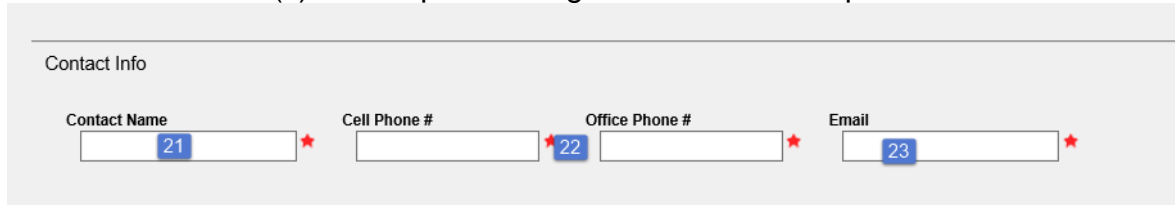

NOTE: If your search returns only one result, you still must click on the entry or select the enter key to populate the field.

The screenshot shows the search dropdown for 'Road Number' with the value '87030000: US 1/SR 5' highlighted in yellow. A mouse cursor is over the entry, and an 'OR' button is visible next to it.

16. Enter the project beginning mile post according to FDOT roadway characteristics in the Beginning Mile Post field.
17. Enter the project ending mile post according to FDOT roadway characteristics in the Ending Mile Post field.

18. Enter the project beginning station number in the Station From field.
19. Enter the project ending station number in the Station To field.
20. Select the lane(s) that require testing from the Lane drop down list.

Contact Info

Contact Name *

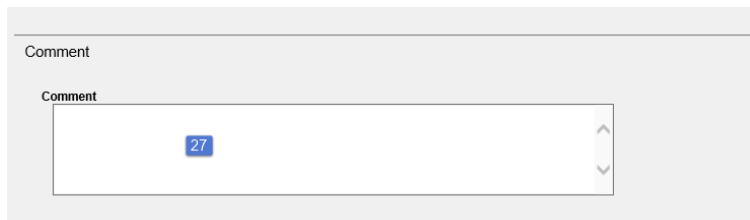

Cell Phone # *

Office Phone # *

Email *

21. Enter the name of the contact person requesting the Laser Profile Ride Acceptance in the Contact Name field. The final report will be sent to this individual.
22. Enter the cell phone number in the Cell Phone # field or office phone number in the Office Phone # field of the contact person. Both may be entered, but only one is required. When one is entered, the red star by the other field goes away.
23. Enter the contact person's email in the Email field.

NOTE: If another individual is to be onsite during testing, please submit their contact information in the comments section.

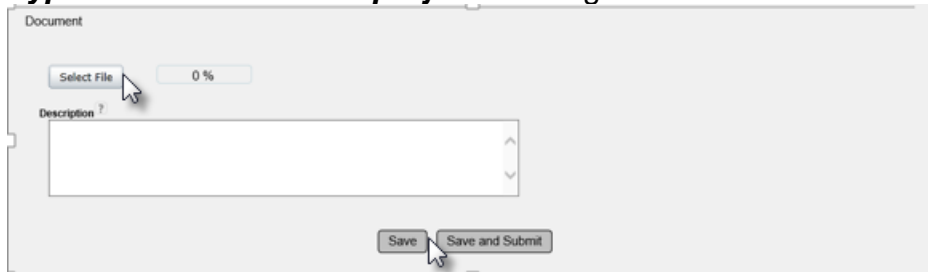

Comment

Comment *

24. Enter a comment, if desired. Please include any pertinent information needed for this project. Information could include location information such as traffic level and signalized intersections that could require night testing and/or a police escort. Also, if you are not planning to be onsite during testing, please include information about project personnel who will be onsite for laser profile acceptance testing.

Documents are **required** for Laser Profile samples. Please upload both the **Key Sheet and Typical Sections for the project**. Testing cannot be schedule until both documents are received.

Document

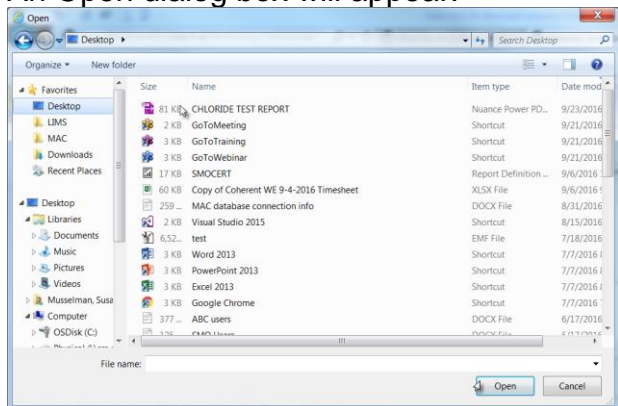

Select File

Description ?

Save Save and Submit

25. Click on the Select File option.

An Open dialog box will appear.

- a. Navigate to the file location and click on it to select it.
- b. Select the Open option to upload the document to the sample.

26. Select Save or Save and Submit to create the sample.

- a. Selecting Save will set the sample status to Logged. You can make changes to the data without losing what you have entered so far. You can save the sample without all required fields, but you will receive a warning message.
- b. Selecting Save and Submit will set the sample status to Submitted for Lab Testing and the State Materials Office will be able acknowledge the sample and confirm the requested schedule.

If you have any questions or issues submitting the project, please contact the State Materials Office for assistance.

William Bryant, 352-955-6331, William.bryant@dot.state.fl.us
