About M-CORES

The Multi-use Corridors of Regional Economic Significance (M-CORES) program is intended to revitalize rural communities, encourage job creation and provide regional connectivity while leveraging technology, enhancing the quality of life and public safety, and protecting the environment and natural resources. The intended benefits include, but are not limited to, addressing issues such as:

- Hurricane evacuation
- Congestion mitigation
- Trade and logistics
- Broadband, water and sewer connectivity
- Energy distribution
- Autonomous, connected, shared and electric vehicle technology
- Other transportation modes, such as shared-use nonmotorized trails, freight and passenger rail, and public transit
- Mobility as a service
- Availability of a trained workforce skilled in traditional and emerging technologies
- Protection or enhancement of wildlife corridors or environmentally sensitive areas
- Protection or enhancement of primary springs protection zones and farmland preservation areas

The Florida Department of Transportation (FDOT) is assigned with assembling task forces to study **three specific corridors**:

- The **Suncoast Connector**, extending from Citrus County to Jefferson County
- The **Northern Turnpike Connector**, extending from the northern terminus of Florida's Turnpike northwest to the Suncoast Parkway
- The **Southwest-Central Florida Connector**, extending from Collier County to Polk County

Sign Up for Updates

FDOT invites you to stay up-to-date on the progress of the M-CORES task forces. Sign up today to receive news, notices of upcoming meetings and public events, and more.

Choose the study area or study areas in which you are interested, or choose Select All to stay informed on all three studies.

Florida has a very broad public records law. Any written communication to or from the Florida Department of Transportation is a public record available to the public and media upon request. Your email communications may be subject to public disclosures. Under Florida law, email addresses are public records. If you do not want your email address released in response to a public records request, do not send electronic mail to this entity.

I Am Interested In: *
