

# District Three Secretary Mobility Week Message

---

Welcome to the FDOT District Three Virtual Room. The Florida Department of Transportation and partners across the state are celebrating the sixth Annual Mobility Week from October 29 to November 5, 2021 to encourage Floridians to make smart, efficient, and safe transportation choices.

In addition to reaching out to our communities through in-person events, FDOT is making important safety and mobility information accessible to Floridians across the state through the Mobility Week Virtual Conference Center. In the Northwest Florida virtual room, you can learn about RideOn Commuter Services and the various commuting choices available to residents in the region. You can also learn about our transit partners, safety information, local initiatives, and Mobility Week events.

Please enjoy exploring our Virtual Room and learning about the Department and our partner agencies. To learn more about statewide Mobility Week events, visit [www.MobilityWeekFL.com](http://www.MobilityWeekFL.com).
