FLORIDA TRANSPORTATION PLAN POLICY ELEMENT

Public Comment and Next Steps

- **FTP Policy Element at:**
FloridaTransportationPlan.com
- **Comment period: Now through**
November 14, 2015
 - » Comment via on-line survey
- **FTP Policy Element to be published mid-December**

The Florida Department of Transportation has spent the last year gathering input from the public, partners and stakeholders to update the Florida Transportation Plan (FTP). The FTP Policy Element is now available for review and comment and we want to hear from you.

Specifically, we are requesting comments related to the goals, objectives, and strategies/ideas and approaches presented in the FTP Policy Element. This survey should only take a few minutes and will cover each goal area, the transition to implementation, and any general comments about the FTP Policy Element. As you provide us with your feedback, please offer comments or revisions to any of the draft goals, objectives, and strategies/ideas and approaches, if needed.

Thank you for your participation in the update of the FTP. This plan would not be possible without extensive input from Florida's residents, visitors, businesses and many partners and stakeholders.

>>

Continue Existing SIS Emphasis Areas

- Reaffirm statutory intent for *interregional, interstate, and international* travel
 - » Strengthen other programs such as TRIP and small county programs to support regional and local travel needs
- Continue emphasis on *largest and most strategic facilities*
 - » Support Emerging SIS facilities as key element of statewide system

New Emphasis Areas of SIS Policy Plan

- **Innovation and technology**
- **Statewide/regional economic development opportunities**
- **Modal and system connectivity**
- **First mile/last mile**
- **Coordinated planning for SIS, regional, and local facilities**

Next Steps

- **Steering Committee review of draft SIS Policy Plan (December 11)**
- **Public comment on draft SIS Policy Plan (January)**
- **Final SIS Policy Plan (February)**

[SIS Strategic Plan](#)

About Us

The Florida Department of Transportation (FDOT) is updating the Florida Transportation Plan (FTP) and the Strategic Intermodal System (SIS) Policy Plan. The FTP defines Florida's future transportation vision and identifies goals, objectives, and strategies to accomplish that vision. The FTP is the statewide long-range transportation plan for all of Florida. The SIS Policy Plan identifies policies for planning and implementing Florida's Strategic Intermodal System, the statewide high-priority network of transportation facilities critical to Florida's economic competitiveness.

Recent News

To guide the update process of the FTP and SIS Plan, FDOT has assembled a Steering Committee. The Steering Committee will provide recommendations to FDOT about the FTP and SIS Policy Plan based on the Committee members' expertise, input from other statewide, regional, and local partners; and supporting technical analysis. The Steering Committee has met twice to discuss the update of the FTP and SIS Policy Plan. [Click here](#) for more information about the [Steering Committee](#). [Click here](#) to review the [materials](#) that were provided to and discussed by the Steering Committee.

Air Quality-Ozone Standard

New Regulations

October 1, 2015 - EPA strengthened ozone standard

2015 ozone standard - 70 parts per billion (ppb)

2008 ozone standard – 75 parts per billion

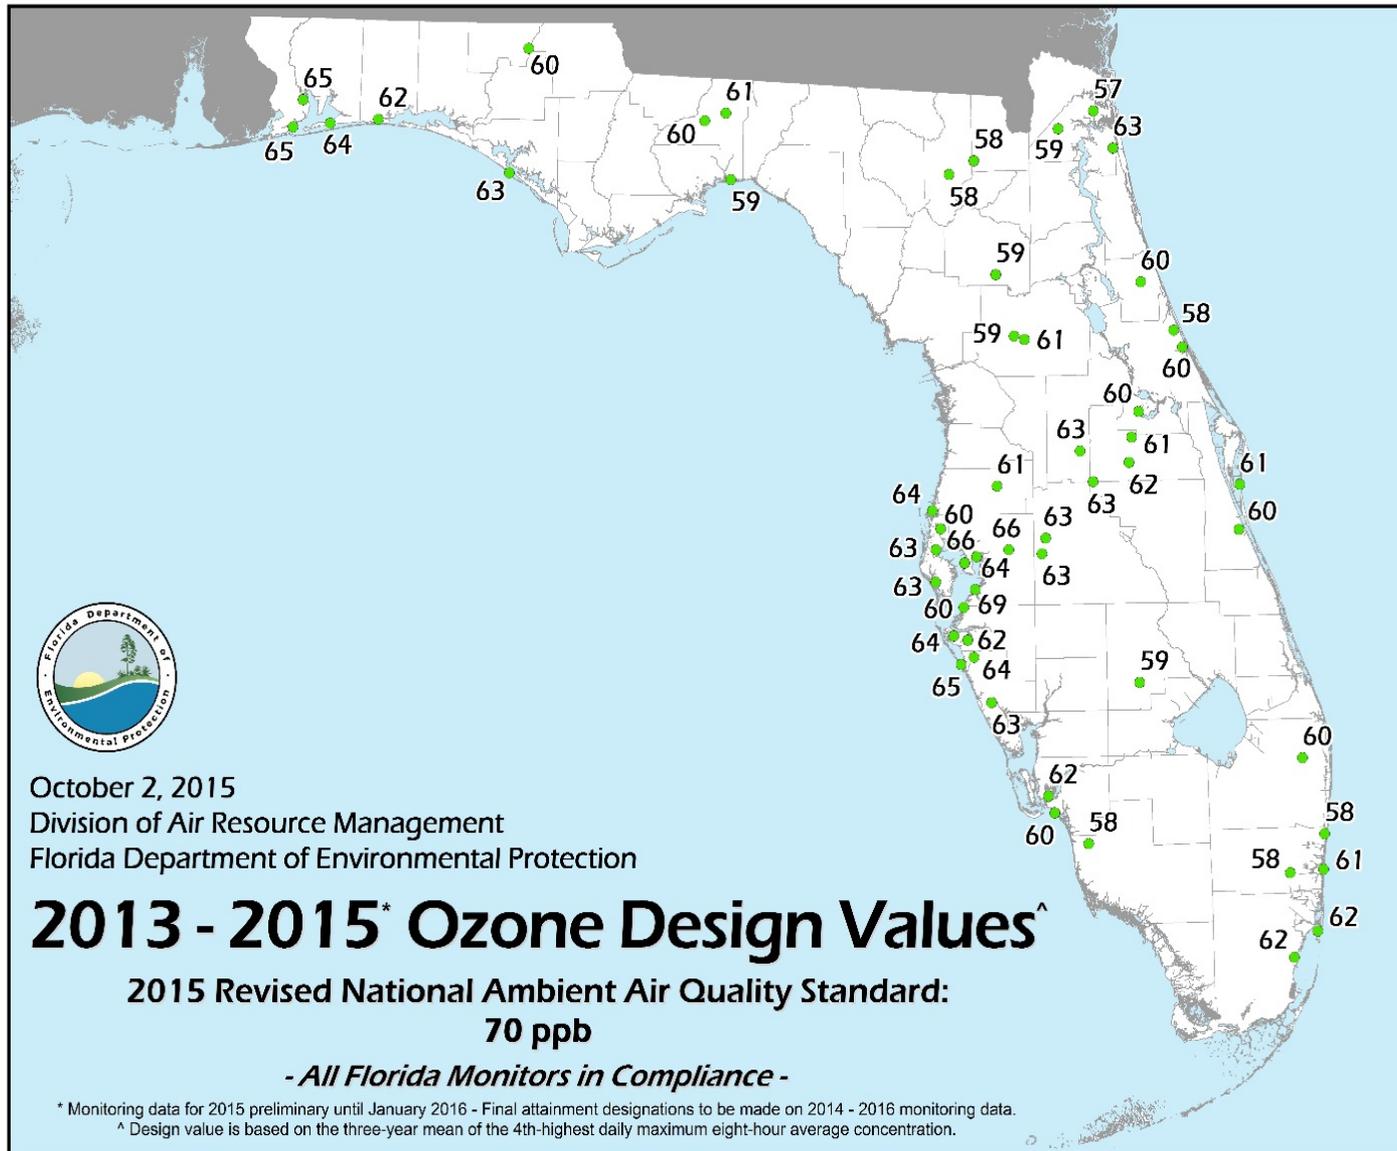

Timeline

States make recommendations to EPA for nonattainment areas based on data from the years 2014-2016.

Designations based on 4th highest annual reading of each monitor in a Metropolitan Statistical Area from 2014-2016.

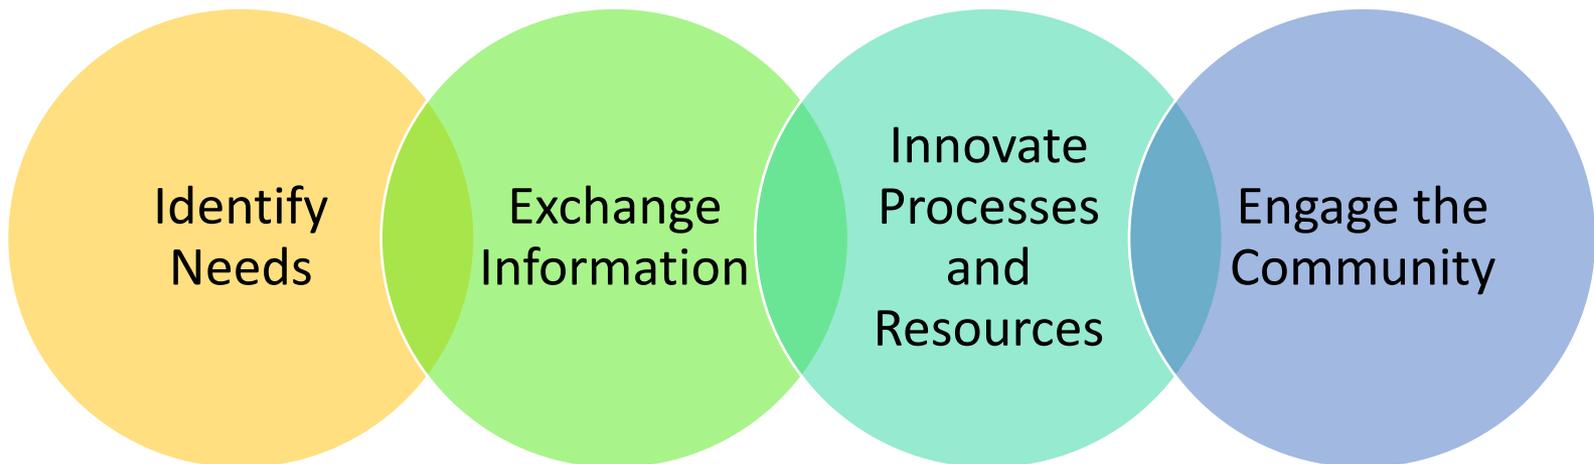

EPA will make final designations by October 2017.

Compliance Values for 2013-2015

Workshop Mission

Elevate the importance of communities— people, places, and their plans in the transportation decision-making process.

Focus on Community Workshop

Program Topics

- Planning for Community Engagement
- Identifying the people in a community
- Understanding what's important to a community
- Communication tools and techniques

What's Ahead

- Save the Date - November
- Tentative Dates: May 3 – 4, 2016
- Location: Orlando, FL

FDOT/FHWA/FTA/MPO Statewide Meeting

Previous meetings:

Next Meeting:

- Tentative Date: May 5, 2016 (following Focus on Community workshop)
- Location: Orlando, FL
- Proposed subjects to be determined

New MPO Agreement & Invoicing Process

The Office of Policy Planning and the Office of Comptroller are working to update the process by which FDOT passes funds to the MPOs.

Why?

- 2 CFR §200 compliance
- Florida Statute & State DFS policy compliance
- Prompt payment & reduction in invoicing submittal requirements

What is changing?

- **New 2-year “MPO Agreement”**
- UPWP requirements
- New invoicing & monitoring processes

Further discussion on the subject will be held at November 19th video conference.
