

Florida Freight Advisory Committee (FLFAC) Meeting August 2020

Data-Driven Approaches

I. Call to Order

Roll call and approval of previous meeting minutes (May 2020)

II. Welcome & Housekeeping

Welcome participants, reminder of upcoming committee membership update (application window opens next FLFAC meeting)

III. Truck Parking Availability System (TPAS)

To continue our updates on truck parking, a quick look at the original deployment, status, and next steps

IV. TSM&O Solutions

An overview of an ongoing effort to identify Transportation Systems Management and Operations (TSM&O) strategies to address goods movement in FDOT District 5

V. Freight Optimization Study

New FMO Office effort to both test and identify potential freight & logistics economic development opportunities as well as infrastructure needs using both public and private data sources

VI. Roundtable

A roundtable discussion on how you are using data to adjust to COVID-19 impacts, and any ideas on how we can use data to support goods movement in Florida and beyond

VII. Public Comments

VIII. Member Comments

IX. Adjourn
