Florida Department of Transportation
District 3 Planning Specialist
TA Coordinator

Office: 850-330-1550

Email: Tanya.branton@dot.state.fl.us

- https://nwflroads.com/planning
- https://www.fhwa.dot.gov/bipartisaninfrastructure-law/ta.cfm

What is TA Set-Aside?

- ► First established by Congress as the Transportation Enhancement (TE)
 Program under the Intermodal Surface Transportation Efficiency Act (ISTEA) of
 1991
- ▶ Program continues under The Infrastructure Investment and Jobs Act (IIJA, also known as the Bipartisan Infrastructure Law) which took effect October 1, 2021.
 - Increases focus for prioritizing connectivity
 - Equitable access policies
 - Safety
 - Sustainability
- Funding increases by providing 10 percent of the Surface Transportation Block Grant (STBG) rather than a reoccurring fixed dollar amount, resulting in an annual total allocation for TA that should increase 2%.

Program Overview

- ► The FDOT TA Set-Aside is intended to fund a variety of small-scale transportation projects such as
 - Pedestrian and bicycle facilities,
 - Recreational trails,
 - Safe routes to school projects,
 - Community improvements such as historic preservation and vegetation management, and
 - Environmental mitigation related to stormwater and habitat connectivity.
- Mandatory funding distribution based on population areas continues.
- Requires that MPOs make project prioritizations in urban population areas.
- Retains the 80% federal / 20% local match funding arrangement (toll credits apply).
- Retains requirement for state competitive process.
- TA projects are treated as projects on a Federal-Aid Highway.

Who Can Apply?

- Local governments
- Regional transportation authorities
- Transit agencies
- Natural resource or public land agencies
- School districts, local education agencies, or schools
- Tribal governments
- Non-profit entities responsible for local transportation safety programs
- Any other local or regional governmental entity with responsibility for oversight of transportation or recreational trails that the state determines to be eligible

Eligible Activities

- ► TA Set-Aside has 10 eligible activities & must be related to Surface Transportation
 - 1. Construction, Planning and Design of on-road and off-road trail facilities for pedestrians, bicyclists and other non-motorized forms of transportation.
 - > Examples: New sidewalks, bicycle infrastructure, pedestrian and bicycle signals.
 - 2. Construction, Planning and Design of infrastructure related projects and systems that will provide safe routes for non-drivers including children, older adults and individuals with disabilities.
 - Examples: Crosswalks, pedestrian refuge areas, pedestrian lighting, Americans with Disabilities (ADA) Act of 1990 compliance projects.
 - 3. Conversion of abandoned railroad corridors for trails for pedestrians, bicyclists, or other non-motorized transportation users.
 - > Examples: Rails to Trails facilities
 - 4. Construction of Turnouts, Overlooks, and Viewing areas.
 - > Examples: Turnouts and viewing areas at scenic or historic sites.
 - 5. Inventory, Control, or Removal of Outdoor Advertising.
 - > Examples: Data collection and removal.

Eligible Activities

- 6. Historic Preservation and Rehabilitation of historic transportation facilities.
 - > Examples: Rehabilitation of historic transportation facilities (bridges, lighthouses, canals, etc.), historic toll and ferry facilities, historic railroad facilities.
- 7. Vegetation Management Practices in transportation rights-of-way to improve safety, prevent invasive species and provide erosion control.
 - > Examples: Erosion control, vegetation management to improve roadway safety or prevention of invasive species.
- Archaeological activities relating to impacts form the implementation of a transportation project.
- 9. Environmental mitigation activity that includes:
 - Pollution prevention, abatement and mitigation activities to address storm water management, control and water pollution prevention or abatement related to highway construction due to highway runoff, including activities listed in Sections 133(b), 328(a), and 329.
 - > Reduction in vehicle caused wildlife mortality.
 - > Restoration and maintenance of the connectivity among terrestrial or aquatic habitats.
- 10. SRTS Safe Routes to Schools
 - > For additional information on eligible activities contact District 3 Safety Office Gretchen Peoples
 - www.srtsfl.org
 - https://www.fdot.gove/Safety/ptograms/srts-workshop

Not Eligible Activities

- 1. Maintenance or replacement of existing sidewalks except for ADA upgrades.
- 2. Maintenance of an existing trail.
- Circular trails/sidewalks.
- 4. General recreation and park facilities:
 - > Examples: playground equipment, sports fields, campgrounds, picnic and pavilion areas.
- 5. Roadway lighting that doesn't benefit non-motorized users.
- 6. Promotional materials except for SRTS.
- 7. Facilities not open to the public.
- 8. Construction of replica facilities.
- 9. Drainage improvements related to poor maintenance or to upgrades to inadequate systems.
- 10. Standalone landscaping.

Grant Application Process (GAP) -FOR TA

► FDOT application and support documents may be downloaded and submitted at www.flgap.com

► GAP HELP Guide

Application Overview Application Format

TRANSPORTATION ALTERNATIVES SET-ASIDE PROGRAM (TA) FUNDING APPLICATION

A continuation of the Surface Transportation Block Grant, TA funding is by contract authority from the Highway Trust Fund, subject to the overall federal-aid obligation limitation determined by the Federal Highway Administration (FHWA). Projects must support surface transportation, be competitively solicited, and comply with the provisions of the FDOT Work Program Instructions and the Bipartisan Infrastructure Law (BIL), enacted as the Infrastructure Investment and Jobs Act (IIJA) [§ 11109; 23 United States Code (U.S.C.) 133(h)]. District representatives may be contacted for guidance.

Part 1 - Application Information

- Question 1
 - Select the appropriate Agency Sponsor Type.
 - Only 1 agency type can be selected.
- Questions 2 4
 - Provide the appropriate agency name and contact person's information.
 - This will be who all questions and correspondence go to.

PART 1 - APPLICANT INFORMATION

Applicant Agency Sponsor Type. Select the box indicating the agency of the person who can answer questions
about this project proposal. Then complete applicable text fields. Note: State-recognized non-profit agencies may
partner with an eligible governmental entity but are not eligible as a direct grant recipient.

Checkbox next to each of the following types of agencies that do not indicate text field. Document allows one selection.

- Local government (e.g., county, city, village, town, etc.).
- Regional transportation authority or transit agency.
- Natural resource or public land agency.
- School district, local education agency, or school (may include any public or nonprofit private school). Projects should benefit the public and not just a private entity.
- Recognized Tribal Government.
- Other local or regional governmental entity with oversight responsibility for transportation or recreational trails, consistent with the goals of 23 U.S.C. 133(h).
- Metropolitan / Transportation Planning Organization / Agency (collectively MPO) (only for urbanized areas with less than 200,000 population).
- FDOT (only by request of another eligible entity, then enter the requesting entity). If "checked", enter the
 requesting entity in the space provided. (Word limit 5)
- 2. Agency name of the applicant. (Word limit 5).
- 3. Agency contact person's name and title. (Word limit 5).
- 4. Agency contact person's telephone number and email address. (Word limit 5).

Part 2 - Local Agency Program (LAP) Certification

Select the appropriate LAP status and provide the additional required data.

LAP Full Certific Provide:	cation			
Approval Date	e:	and Expira	tion Date:	
Responsible	Charge Name:			
LAP Project Spe Provide:	ecific Certification			
Approval Date	e:	Project FM(s) Number:		
Responsible	Charge Name:			
Not LAP Certifie	d – A LAP Certified	Agency will deliver the pro	ject on behalf (of the uncertified Agency
Provide: Spon	nsoring	Contac	t	
Agen	ncy Name:	Name:		
Address:			Phon	e:
Not LAP Certified	d - FDOT District w	ill administer the project.		
Provide:				
FDOT Contac	ct Name:		Phone:	
Not LAP Certified	d – the Agency will	become LAP certified 1 year	r prior to the d	elivery of the LAP project
Not Applicable –	this is a Non – Infr	astructure Project.		

Part 3 - Project Information

- Question 1
 - Provide a brief project name.
- Question 2
 - ▶ If the project was previously submitted for funding but was not selected, select "Yes" and provide the year(s) the project was submitted and the project name if different from current project name.
 - ▶ If this is a new project, select "No" and put N/A in the space provided.
- Question 3
 - ▶ If the project connects to a previously funded project, select "Yes" and provide the connecting project's name in the space provided.
 - Otherwise, select "No" and put N/A in the space provided.

PART 3 - PROJECT INFORMATION

- 1. Project Name / Title: (Word limit 15).
- 2. Is this a resubmittal of a previously unfunded project? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and indicate the year(s) of submittal(s) and include project title(s), if different, in the space provided. (Word limit 5).
- Yes
 No
- Does this project connect a previously funded project(s)? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and indicate the Financial Management (FM) number(s) and provide a brief description of the other related FDOT-funded phases that are complete, underway, or in the FDOT 5-year Work Program. (Word limit 5).

 - Yes No

Part 3 - Project Information

Question 4

- ► If funding is being requested from other sources administered by FDOT (SUN Trail, TRIP, etc.):
 - Contact Tanya Branton to discuss before proceeding with the application.
 - ▶ If approved, select "Yes" and provide the additional funding source information.
- ► If additional funding sources are not being requested, select "No" and put N/A in the space provided.
- Question 5
 - Provide a concise description of the project and provide the reviewer a good understanding of the overall project and how the project will provide a benefit to the community.
 - ► This should be written as if the reviewer has no knowledge of the project.

4.	Is funding requested for this same project from another source administered by FDOT? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and indicate funding source(s) / application(s submitted. NOTE: Contact your district representative to discuss if this same project is partially funded in the 5-year Work Program or if FDOT has received another application for funding it. (Word limit 5).				
	Yes No				
5.	What are you proposing in this application? In 200 words or less, provide a description of the project and what it will accomplish. The description should allow a person without prior knowledge of the project to clear				

understand it. Summarize the purpose, need, project attributes, the relationship to surface transportation, how

the project improves safety, and expected benefits.

Part 3 - Project Information

- Supporting Documentation
 - Scope
 - ▶ Provide an in-depth description of the project.
 - ▶ No word limitations on the attachment. The more detailed the better!
 - Include project limits, widths of sidewalks/trails, location in relation to the roadway, all roadway names (County, State, Local roadway name as applicable), additional components such as drainage, lighting, etc.
 - Cost Reimbursement Agreement
 - ▶ i.e. Local Agency Resolution
 - ► Local Agency to provide a signed resolution to enter in an agreement with FDOT for the Transportation Alternatives (TA) Program for cost reimbursement to deliver the project.
 - Project Certification
 - ▶ Make sure the agreement is signed by the maintaining agency.

REQUIRED UPLOAD: PROJECT INFORMATION SUPPORTING DOCUMENTATION including 1) Scope of Work clearly describing the purpose and need for this project and the desired outcome; detailed description of the existing conditions; and detailed description of the proposed project and major work item improvements (e.g., project limits (begin / end), width of sidewalks or trails and other components, materials, drainage, lighting, signing and pavement markings, etc.). 2) Intent to enter into a cost reimbursement agreement for delivering the project. 3) Signed PROJECT CERTIFICATION from the maintaining agency confirming the applicant is authorized to submit the proposal, the information is accurate, intent to enter into a Memorandum of Understanding or Interagency Agreement for ongoing operations and maintenance of the improved facility, and compliance with all federal and state requirements.

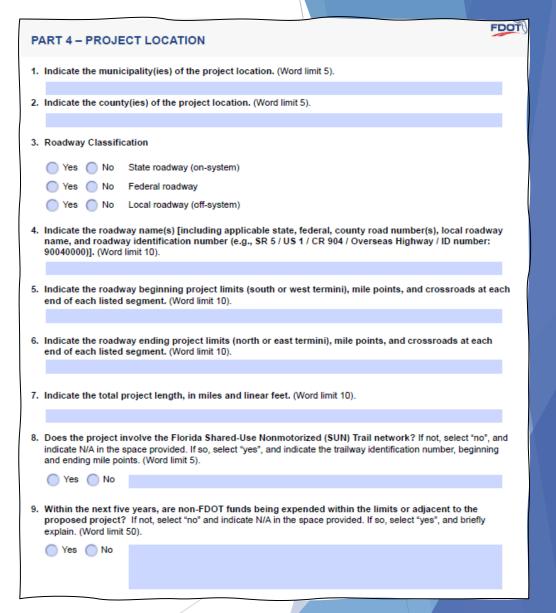

Part 4 - Project Location

- Questions 1 9
 - Provide appropriate responses/selections.
 - Provide responses to all questions.
 - Keep concise (note word count limitations).
 - ▶ Ensure information matches throughout application.

Part 5 - Project Type

- Question 1
 - ▶ If the project is an Infrastructure project, select A and continue to Section 5-A (pages 5-6).
 - ► Select 1 eligible activity from Section 5-A and provide additional information if required.
 - ▶ Skip Page 7.

PART 5 - PROJECT TYPE

NOTE: Certain areas may not be prioritizing Non-infrastructure (NI) proposals or all eligible infrastructure activities (or may recommend bundling activities together). Contact your district representative for guidance.

 PROJECT CATEGORY Select one box that best represents the project proposal. Then, complete either the "Infrastructure" or "NI" selections.

A. Infrastructure. If so, select "yes", then select the most appropriate "infrastructure" eligible activity from listing below. (Pages range 5-6)

B. Non-infrastructure (NI). If so, select "yes", then select the most appropriate NI eligible activity from the listing following the Infrastructure activities. (Page range 7)

FDOT

5-A. INFRASTRUCTURE ELIGIBLE ACTIVITY

Select one box that best represents the project proposal). As applicable, complete infrastructure eligible text fields.

- Pedestrian and / or Bicycle facilities (Select this box for construction, planning, and design of off-road trail
 facilities or on-road facilities for pedestrians, bicyclists, and other nonmotorized forms of transportation).
- Safe Routes for Non-Drivers (Select this box for construction, planning, and design of infrastructure related projects and systems that provide safe routes for non-drivers, including children, older adults, and individuals with disabilities to access daily needs).
- Conversion of Abandoned Railway Corridors to Trails (Select this box for conversion and use of abandoned railroad corridors into trails for pedestrians, bicyclists, or other nonmotorized transportation users)
- Scenic Turnouts and Overlooks (Select this box for construction of turnouts, overlooks, and viewing areas). If 'yes', list any Florida Scenic Byways visible from the project or indicate N/A in text field.
 Word limit 5.

Archaeological Activities (Select this box for archaeological activities related to impacts from transportation projects funded by FHWJs, if Yees*, list the State Site Number (aka Site File Number) for the archaeological site, or indicate N/A in the text field. (Word limit 5).

Stormwater Mitigation (Select this box for environmental mitigation activities addressing stormwater management, control, and water pollution prevention or abatement related to transportation projects).

Wildlife Management (Select this box for wildlife mitigation and reduction of wildlife mortality, or to restore and maintain connectivity among terrestrial or aquatic habitats).

Boulevards (Select this box for boulevards, defined as a walkable, low speed (35 mph or less) divided arterial thoroughfares in urban environments designed to carry both through and local traffic, pedestrians, and bicyclists. These may be high indership transit corridors; serve as primary goods movement and emergency response routes; and use vehicular and pedestrian access management techniques that promote economic revitalization and follow complete street principles]. If 'yes', its any Florida Main Street communities or Florida Trail Towns within the project limits, or indicate IVA in text field. (Word limit 5).

Recreational Trails Program [Select this box for recreational trails compliant with 62-S-2, Florida Administrative Code, and 23 U.S.C. 104 (b)]. If 'yes', list the parks / recreational areas within the project limits, or indicate N/A in the text field. (Word limit 5).

Safe Routes to Schools (SRTS) [Select this box for SRTS projects, codified as 23 U.S.C. 208, that substantially improves the ability of kindergarten through 12th grade students (vulnerable road users) to walk and / or bicycle to school). Traditionally includes sidewalks, traffic calming and speed reduction, traffic diversion improvements, pedestrian and bicycle crossings, on-street bicycle facilities, off-street bicycle facilities, and bicycle parking facilities at public schools. If "yes", list the benefiting schools that are within two miles of the project limits, total student errollment, approximate number of students living along the route; and the percentage of students eligible for reduced meal programs, or indicate N/A in the space provided, (Word limit 10).

Other surface transportation eligible purpose (Only if within urbanized areas with a population greater than 200,000). If "yes", list the eligible activity or indicate N/A in the space provided. (Word limit 5).

vertising Management (Select this box for inventory, control, or removal of outdoor if "yes", list any Florida Scenic Byways within the project limits or indicate N/A in text field. i).

eservation and Rehabilitation of Historic Transportation Facilities (Select this box for ervation or rehabilitation of historic transportation facilities). If "yes", list any locally designated Register of Historic Places listed or eligible resources or indicate N/A in the text field.

Management (Select this box for vegetation management in public transportation ROW to dway safety, prevent invasive species, and erosion control). If "yes", list any Florida Scenic hin the project limits, or indicate NI/A in text field. (Word limit 5).

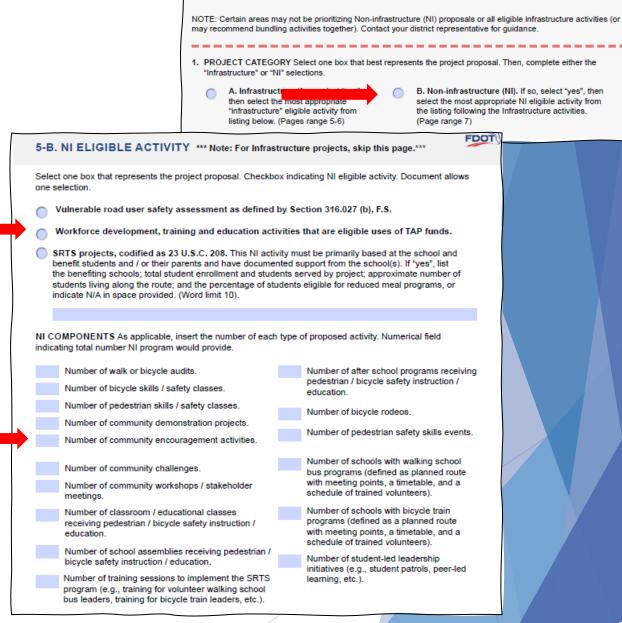

Part 5 - Project Type

- Question 1
 - ► If the project is a Non-Infrastructure (NI) project, select B for the project type and continue to Section 5-B (page 7).
 - Select 1 option in the top section indicating the eligible activity.
 - Provide numerical values where appropriate for the NI components in the bottom section.

PART 5 - PROJECT TYPE

Part 6 - Area Conditions

- Question 1
 - Select the appropriate population area response.
- Question 2
 - ► Florida MPO Areas Map:

 https://www.fdot.gov/mpoac/documents/docs/def-ault-source/mpoac/mpoac-florida-mpo-information/fl-mpo-map
- Question 3
 - Florida TMA Map:
 https://fdotwww.blob.core.windows.net/sitefinity/d
 ocs/default-
 ource/planning/policy/metrosupport/resources/f
 dot-mpo-tma-map.pdf?sfvrsn=2590957f
 2

Select applicable boxes describing the area and complete applicable text fields. Then, upload supporting documentation. 1. Select one box that describes the geographic population size of the project area. Non-Urban Area with a population of 5,000 or less Urban Area with a population greater than 5,000 but no more than 50,000 Urban Area with a population greater than 50,000 but no more than 200,000 Urban Area with a population greater than 200,000 Urban Area with a population greater than 200,000 1. Is the project within the boundary of an MPO*? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and indicate the MPO in the space provided. (Word limit 5). Yes No Yes No

FDOT

Part 6 - Area Conditions

- Question 4
 - Indicate if you are a REDI county or community. If so, provide documentation showing you are.
- Question 5
 - Congressional District Numbers Map: https://www.govtrack.us/congress/memb ers/map
- Question 6
 - US Census Underserved Map: https://www.arcgis.com/apps/dashboards /99f9268777ff4218867ceedfabe58a3a

4.	Rural Area of Opportunity (RAO) as defined pursuant to Section 288.0656, F.S.? If not, select "no", and indicate N/A in the space provided. If so, select "yes" and indicate the REDI / RAO in the space provided. (Word limit 5)						
	○ Yes ○ No						
5.	Indicate the United States Congressional District number(s) of the project location. (Word limit 5).						
6. Will the project address equity by providing benefits to traditionally underserved communities as determined by the U.S. Census? These communities could include low-income residents, minorities, those limited English proficiency, persons with disabilities, children, or older adults. If not, select "no", and indicate in the space provided. If so, select "yes", and briefly explain how the project improves environmental justice disadvantage community access point(s) and destinations the project benefits, median household income, for reduced priced school meals and how SRTS projects benefit the students, etc.). (Word limit 10).							
	○ Yes ○ No						

Part 6 - Area Conditions

- Question 7
 - Review your local transit facilities websites for information.
- Questions 8-9
 - Pull crash data information from Signal4 Analytics website: https://signal4analytics.com/
- Question 10
 - Provide information for bicycle/pedestrian plan.
- Supporting Documentation
 - Maps, crash data, census information, plans, etc. that support the need for the project.

	N/A in the space provided. If so, select "yes", and indicate the identification number. (Word limit 5).
	Yes No
	8. Is the project within a high-crash pedestrian corridor (or an area with a history of crashes involving pedestrians)? Yes No
٦	
	Part 6 - Area Conditions continued
	9. Is the project within a high-crash bicycle corridor (or an area with a history of crashes involving bicyclists)?
	Yes No
	10.Would the project implement a bicycle or pedestrian action plan(s)? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and specify the name of the plan and date of adoption. (Word limit 5).
	○ Yes ○ No
	* Metropolitan / Transportation Planning Organization / Agency (MPO)
	REQUIRED UPLOAD: AREA CONDITIONS SUPPORTING DOCUMENTATION (e.g., excerpt pages from adopted plans or studies, maps illustrating transit facilities and connectivity to the improvement, short statement of su

with a signature of the school official and their contact information for SRTS projects, median household income by

census tract for community benefiting, collision heat maps / crash data for area surrounding project limits, etc.).

7. Are there transit stops / shelters / support facilities within the project limits? If not, select "no", and indicate

Part 7 - Public Involvement

Question 1-4

Respond as needed and provide a brief explanation for any "Yes" answers. Additional documentation may be attached to further explain the public involvement activities to date.

Supporting Documentation

Provide documentation indicating the public is in favor of the project and that the project has been discussed at a public meeting, BOCC meeting, letters sent out, etc.

PART 7 – PUBLIC INVOLVEMENT

Public involvement, engagement, and collaboration is a key component of the federal project development process and must be conducted in accordance with applicable rules and regulations in the event the project is selected for funding. Indicate which of the following are applicable (Select all that apply). Complete the text field or indicate N/A in the space provided. Then, upload supporting documentation.

			owing are applicable (Select all that apply). Complete the text field or indicate N/A in the spa upporting documentation.
1.	or resolut how the co	ions expre	mmunity support the project, as demonstrated by recently adopted proclamations essing commitment and public engagement? If "yes", explain the engagement and yed based on public involvement. Indicate the resolution number, adoption date, and in the space provided. If "no", indicate N/A in the space provided. (Word limit 10).
	Yes	O No	
2.	group of c	citizens, su oward the p	cussed at a regularly scheduled meeting of an advisory board of an appointed as bicycle pedestrian advisory groups or similar committee that provides project? If "yes", provide meeting information, including the date and type of advisory ne input received. If "no", indicate N/A in the space provided. (Word limit 10).
	Yes	O No	
3.	including the	he input red	ised public meeting to discuss the project? If "yes", provide a brief description, seived, how the concept evolved based on public involvement, date, and type of meeting. the space provided. (Word limit 10).
	Yes	O No	
4.	continue t	to be enga	ty surveys indicate both need and support for the project and stakeholders will ged in the implementation of the project? If "yes", briefly explain. If "no", indicate N/A in Word limit 10).
	Yes	O No	

REQUIRED UPLOAD: PUBLIC INVOLVEMENT SUPPORTING DOCUMENTATION (e.g., resolution, proclamation, regularly scheduled meeting agenda and minutes, public meeting advertisement, community survey, letters of support, etc.).

Part 8 - Concurrency/Consistency

- Indicate if the project is consistent with the comprehensive plan(s), capital improvement plan(s), etc.
- Supporting Documentation
 - ▶ Provide documentation from the applicable plans, BOCC meeting minutes, etc. to support the prioritization of the project.

Is the project consistent with the applicable comprehensive plan(s), transportation plan(s), capital improvement plan(s), and / or the long-term management plan(s)? [Note: Board of County Commissioners functions as MPO in nonmetropolitan areas (Section 339.135(4)(c)1, F.S.)]. If not, select "no", and indicate N/A in the space provided. If so, select "yes", and use the text field to explain consistency, include MPO prioritization number. If a modification is required, indicate the meeting date for adoption. (Word limit 10).

Part 9 - Environmental Conditions

- Question 1
 - ► Florida Wildlife Corridor Act of 2021

 https://floridadep.gov/sites/default/files/Florida_Wildlife_Corridor.pdf
- Question 2
 - State owned conservation lands https://www.fnai.org/conslands/conservation-lands
- Question 3-4
 - Review Google maps to determine if a railway is within 1,000 feet of the project.
- Question 5
 - ▶ If lighting is proposed, provide additional information on what is being provided.

PART 9 – ENVIRONMENTAL CONDITIONS Select the boxes describing the Environmental Conditions. As applicable, complete the text field or indicate N/A in the space provided. Then, upload supporting documentation, Applicants for NI proposals may skip the Environmental Conditions section. 1. Does the project involve lands identified by the Florida Wildlife Corridor Act of 2021 [Section 259.1055, Florida Statutes (F.S.)]? 2. Does the project involve state-owned conservation lands? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and indicate the state-owned conservation lands. NOTE: Use of state-owned conservation lands is subject to coordination by the managing entity. (Word limit 5). 3. Does a railway facility exist within 1,000 feet of the project limits? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and indicate railway facility. (Word limit 5). 4. Does the project physically cross a railway facility? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and indicate the crossing's railway identification number, and beginning and ending mile points. (Word limit 5). Yes No 5. Would the project provide lighting at locations with nighttime crashes? If not, select "no", and indicate

N/A in the space provided. If so, select "yes", and describe the proposed lighting in the space provided.

(Word limit 5).

O No

Part 9 - Environmental Conditions

- Question 6
 - ▶ If the project will implement an ADA transition plan, provide additional information. https://www.fhwa.dot.gov/federalaidessentials/catmod.cfm?id=32
- Question 7
 - ▶ Was an Environmental Assessment completed for the project?
- Question 8
 - ▶ Is the project adjacent to locally designated or NRHP sites? https://nationalregisterofhistoricplaces.com/fl/state.html
- Question 9
 - Coordinate with Florida Master Site File staff for information regarding adjacent archaeological sites. https://dos.myflorida.com/historical/preservation/maste r-site-file/

Civil Rights Americans with Disabilities Act

Transition Plans

These plans identify actions needed on your projects to correct barriers to individuals with disabilities

Would the project implement an adopted Americans with Disabilities	s Act (ADA) transition plan?
not, select "no", and indicate N/A in the space provided. If so, select "yes"	, and describe proposed ADA
improvements in the space provided. (Word limit 5).	

Yes	\circ	Ν

7. Is an Environmental Assessment for the project complete? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and describe any specific issues in the space provided. (Word limit 10).

- 8. Is the project adjacent to locally designated or National Register of Historic Places (NRHP) listed or eligible resources? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and list resources, indicate if the resources have received Florida Department of State Historic Preservation Grant funds, and explain any preservation agreements, covenants, or easements in the space provided. If applicable, select "unknown". (Word limit 5).
 - Yes
 No
 Unknown
- 9. Are there any archaeological sites or Native American sites located within or adjacent to the project boundary? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and list State Site Number (aka Site File Number) for the sites. If applicable, select "unknown". (Word limit 5).
- Yes No Unknown

FDOT

Part 9 - Environmental Conditions

- Question 10
 - ► GIS data is available for finding parks, recreation areas, etc. <u>USGS PAD-US Data</u> Explorer
- Question 11
 - ▶ If there are navigable waterways adjacent to the project, but the project does not cross or affect them, select "Yes" and list the waterway.
 - If the adjacent waterway is not navigable, select "No".
 - ► If in doubt, contact the local Army Corp of Engineers office to determine if the waterway is a navigable or not.

Pensacola: 850.439.3474

Panama City: 850.784.9780

10.Are there any parks, recreation areas, or wildlife / waterfowl refuges within or adjacent to the project boundary? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and list the facilities in the space provided. (Word limit 5).

Yes

 \circ

) No

11. Are there any navigable waterways adjacent to or within the project boundary? If not, select "no", and indicate N/A in the space provided. If so, select "yes", and list the navigable waterways. (Word limit 5).

Yes

33 CFR Part 329
Definition of
Navigable Waters of the US

Section 329.4 - General definition

AUTHORITY: 33 U.S.C. 401 et seq.

Navigable waters of the United States are those waters that are subject to the ebb and flow of the tide and/or are presently used, or have been used in the past, or may be susceptible for use to transport interstate or foreign commerce. A determination of navigability, once made, applies laterally over the entire surface of the waterbody, and is not extinguished by later actions or events which impede or destroy navigable capacity.

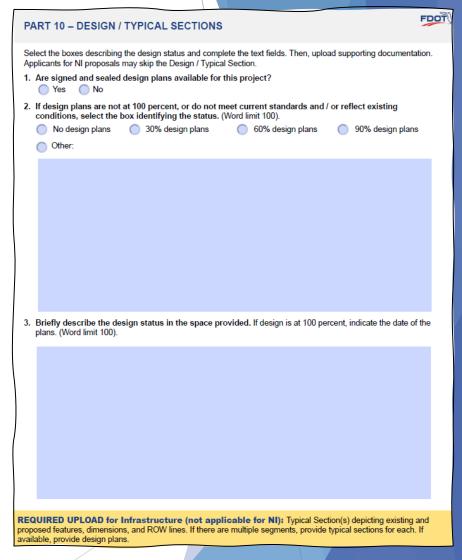

Part 10 - Design/Typical Sections

- Question 1
 - Indicate if there are signed and sealed design plans available.
- Questions 2-3
 - Indicate what stage design plans are available and provide a brief status of the plans and items that do not meet current standards.
- Supporting Documentation
 - Provide available typical sections and design plans.
 - ► For NI projects, no documentation is needed.

Part 11 - Ownership/ROW Status

- Question 1
 - ▶ Indicate if Right of Way (ROW) is to be acquired or not.
- Question 2
 - Provide a brief write-up on the status of the ROW (owned by County, City, etc.), how much is to be acquired, how will the ROW be acquired, any coordination with the landowners in support of or against ROW needs, etc.
- Supporting Documentation
 - ► Any available ROW documents to indicate ownership, support of the project from landowners, easements, etc.

PART 11 - OWNERSHIP / ROW STATUS

FDOT

Select the boxes describing the Ownership / ROW Status and complete applicable text fields. Then, upload supporting documentation. Applicants for NI proposals may skip the Ownership / ROW Status section.

 Is ROW acquisition, defined as obtaining property not currently owned by the Local Agency through any means (e.g., deed, easement, dedication, donation, etc.), necessary to complete this project?

2. Explain the ROW status (owned / fee simple, leased / less-than fee, and / or needs) along the project boundary, including when ROW was obtained and how ownership is documented (e.g., plats, deeds, prescriptions, certified surveys, transfers, easements). Provide information for verifying ownership (e.g., book / page number, transfer agreements, dates, etc.). If ROW acquisition is necessary before constructing the proposed project and / or the applicant agency is not the landowner, indicate the necessary coordination with other owners for all fee-simple purchases and / or any less-than fee / lease needs (including temporary construction and / or other easements and / or permits for drainage, railroad, utilities, etc.) necessary to secure ROW certification. Indicate the proposed acquisition timeline, expected funding source, the total number of parcels, type of acquisition, limitations on fund use or availability, and who will acquire and retain ownership of proposed land. (Word limit 150).

REQUIRED UPLOAD for Infrastructure (not applicable for NI): OWNERSHIP / ROW STATUS SUPPORTING DOCUMENTATION including applicable ROW Certification including ownership verification documenting site control and related landowner supporting documentation. Site control documents must include an adequate legal description of the parcel(s) comprising the project site, such that staff can compare it to the boundary map submitted with the application and evaluate whether there is control of the project site (e.g., ROW Certification, ROW maps, plats, warranty deeds, prescriptions, certified surveys, easements, use agreement, etc.). Maps should clearly show the location of each ownership in relation to the project boundary and / or limits. NOTE: provide map documentation on 8.5° x 11° scale. DO NOT provide reduced copies of original plats and or maps that cannot be read at scale. If applicable, an exhibit visually depicting the new ROW anticipated for the project, together with a spreadsheet providing the tax identification number(s) of each impacted parcel and the approximate size of the new acquisition area for each impacted parcel

Part 12 - Project Implementation and Costs

- ▶ NI projects skip page 14.
- Select the appropriate phases requested in this application.
- Provide an estimated begin/end schedule for each phase selected.
- Provide Federal and/or Non-Federal funds in appropriate boxes.
- Provide the Total Cost Estimate amounts.
- Supporting Documentation
 - Provide a detailed engineer cost estimate if available, or an opinion of probable costs.
 - ▶ Include FDOT pay item numbers and units: <u>https://fdotewp1.dot.state.fl.us/designquantitiesandestimates/#/boe</u>
 - Utilize FDOT costs:
 https://www.fdot.gov/programmanagement/estimates/documents/hist-oricalitemaveragecostsreports

Complete either the Infrastructure Table Summary with the overall project programming (phases, schedule, and estimated costs for the proposed work) or the NI Cost Narrative Table. Then, upload supporting documentation.

Not all phase types may be eligible for TA funds, and not all areas prioritize all phases. Local agencies are responsible for covering all unanticipated cost increases, including but not limited to price inflation and increases in the cost of construction; account for them using local funds. FDOT does not allow programming TA funds for contingency costs. The local agency must have the ability to pay for non-participating costs (e.g., utility relocation). Chapter 337.14, F.S. prohibits an entity from performing both design services and construction engineering inspection services (CEI) for a project wholly or partially funded by the FDOT and administered by a local government entity.

REQUIRED UPLOAD: PROJECT IMPLEMENTATION AND COSTS SUPPORTING DOCUMENTATION.

1) Either provide a detailed engineer cost estimate if the project is designed or if the project has not been designed or is a NI project, provide a detailed opinion of probable costs (including all pay items and a timeline for deliverable). Utilize the FDOT Basis of Estimates Manual to develop a detailed estimate with FDOT pay items for construction phase estimates. 2) As applicable, letter from local agency budget office committing local funds to the project.

*** Note: Applications for NI Projects to skip to page 15.***

Infrastructure Project Phases / Work Types	Select phase(s) included in this request	Schedule (Month/Year)		Funding sources and costs (\$)				
				Federal Funds		Non-Federal / Local Funds		
		Start (mm/yy)	End (mm/yy)	TA Program (\$)	Other Federal (\$)	Non-TA/ Local Funds (\$)	Other (\$)	Total Cost Estimate (\$)
Planning Development (Corridor or Feasibility)								
PD&E								
Preliminary Engineering / Design (PE)								
Environmental Assessment (associated with PE)								
Permits (associated with PE)								
ROW								
Construction								
CEI								
Other costs (describe)								

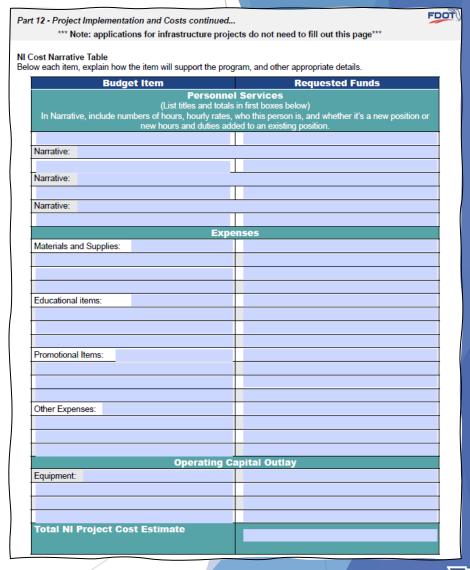

FDOT

Part 12 - Project Implementation and Costs

- Infrastructure projects Skip page 15
- Provide requested data for staff positions, number of hours, rates, etc. required for the project.
- Provide total Project Cost Estimate.
 - Consider using the FDOT Design Staff-hour forms with an average hourly rate of \$165/HR along with Design Staff-hour guidelines to develop an estimated cost for design. Staff-hour forms and guidelines can be located at the link below for reference and use: https://www.fdot.gov/designsupport/scope/default.shtm.
 - Suggest using FDOT statewide average historical unit costs for construction engineer's cost https://www.fdot.gov/programmanagement/estimates/reports/historical-itemaverage-cost-reports

Certification

- ► Fill out completely
- ▶ Sign and submit in GAP
