Efficient Transportation Decision Making (ETDM) No.: 14433

The Florida Department of Transportation (FDOT), District Four, will conduct an Alternative Public Information Meeting for the above referenced project. The Alternatives Public Information Meeting is being conducted to give interested persons an opportunity to learn about the study alternatives and to express their views concerning the alternatives. Questions and comments may be submitted prior to the meeting through the registration link, project website, or by contacting the FDOT Project Manager.

Project information can be viewed on the project website: <https://www.fdot.gov/projects/SebastianInletBridge>.

### PD&E STUDY PURPOSE

A PD&E Study is FDOT's process to evaluate the social, economic, and environmental impacts associated with a planned transportation improvement project.

The purpose of this project is to address the structural and functional deficiencies of the existing bridge and address the gap in system linkage for bicyclists and pedestrians.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by the FDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration (FHWA) and FDOT.

### PD&E STUDY SCHEDULE

PD&E Study Start: November 2020

PD&E Study Estimated Completion: June 2023
