Future Committees

Where should we focus our committee efforts over the next 12-18 months?

← **Defining these today!**

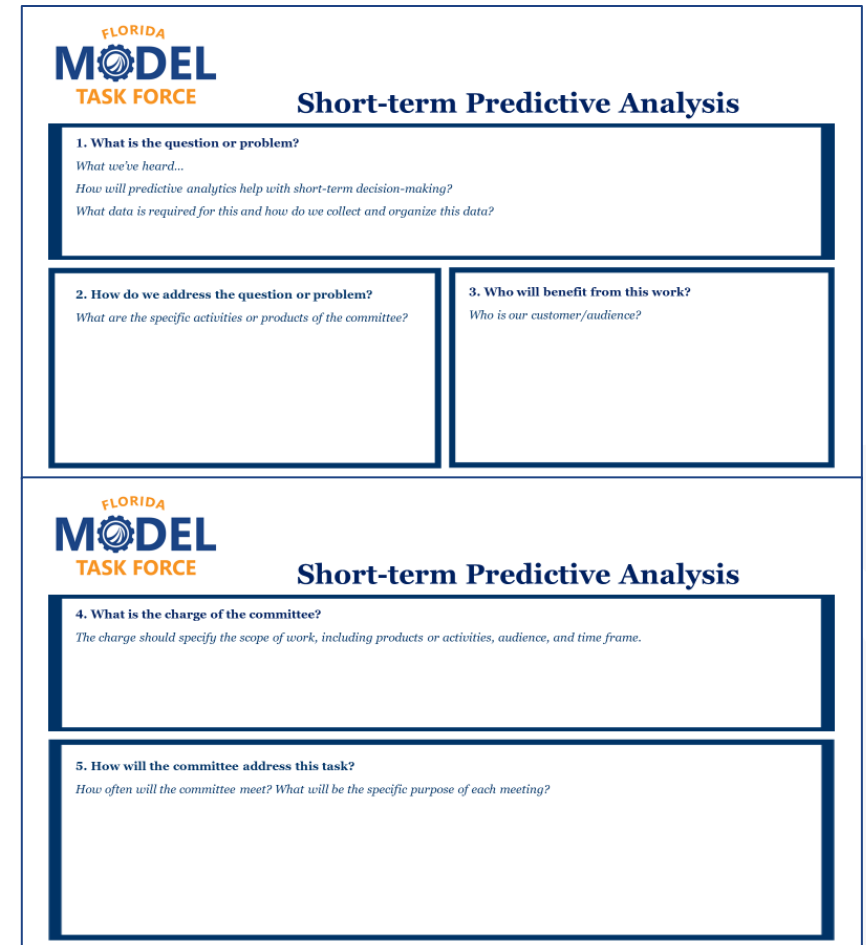

■ I'D LIKE TO PRIORITIZE
■ I'D LIKE TO BE INVOLVED WITH

What We Need

- What is the purpose of the committee?
- What activities should the committee perform?
- What products should the committee develop?
- How long should this take?

- Document the charge of the committee.

FLORIDA MODEL TASK FORCE Short-term Predictive Analysis

1. What is the question or problem?
What we've heard...
How will predictive analytics help with short-term decision-making?
What data is required for this and how do we collect and organize this data?

2. How do we address the question or problem?
What are the specific activities or products of the committee?

3. Who will benefit from this work?
Who is our customer/audience?

FLORIDA MODEL TASK FORCE Short-term Predictive Analysis

4. What is the charge of the committee?
The charge should specify the scope of work, including products or activities, audience, and time frame.

5. How will the committee address this task?
How often will the committee meet? What will be the specific purpose of each meeting?
