

FREIGHT CONNECTOR

Operational Quick Fixes

NHS/SIS

NATIONAL HIGHWAY SYSTEM
STRATEGIC INTERMODAL SYSTEM

2016

THE LAST MILE

- Roadways connecting a freight transportation hub and an intra-regional highway corridor
- Traditionally local streets, intended for many transportation uses, complementing many land uses

QUICK-FIX ELIGIBLE

- Low-cost projects to immediately improve traffic operations
- Enhancing safety, mobility, and efficiency of freight movements
- Located outside of the freight hub property boundary
- Located on public roadways

EXAMPLE PROJECTS

- Lighting, signage, and pavement markings
- Resurfacing and shoulder work
- Turn lanes and intersection improvements
- Traffic signals and safety
- Railroad crossing upgrades
- Bridge repair and improvements
- Design and studies
- Intelligent Transportation System
