

District 6 - The Underline

Miami's Underline, a 10-mile pedestrian friendly space.

- The Underline project, supported by community efforts, transformed land under Miami's Metrorail into a 10-mile linear park, urban trail, and public art space.
- The project involved collaboration between officials from Miami-Dade County, the City of Miami, FDOT, and private contributors.
- The project connects communities by providing space to foster social interaction, community engagement, and connections between neighborhoods.
- The Underline enhances safety by providing a dedicated multimodal trail with improved lighting, wayfinding, and intersections, separating pedestrians and cyclists from traffic.
- Visit the [project website](#) for more information.
