

District 7 - 4th Street (SR 687) Safety Project

4th. Street Safety Improvements

- The 4th Street (SR 687) safety project in downtown St. Petersburg installed bulb-outs, high emphasis crosswalks, and improved sidewalks and pedestrian signals to enhance pedestrian safety.
- The project was initiated by the City of St. Petersburg and Forward Pinellas, prioritizing pedestrian safety and user experience along this urbanized roadway.
- This community-driven safety project aligns with the Florida Transportation Plan's goals by improving safety and enhancing the community.
- Visit the [project website](#) for more information.
