# CARBON REDUCTION STRATEGY

Florida Metropolitan Planning Partnership  
April 17, 2023

# Carbon Reduction Strategy Approach

The image displays a collage of five documents related to Florida's transportation and carbon reduction strategy. On the left, four panels from the '2045 Florida Transportation Plan' are arranged in a 2x2 grid. The top-left panel is the 'PERFORMANCE ELEMENT' (December 2020), the top-right is the 'VISION ELEMENT' (May 2020), the bottom-left is the 'IMPLEMENTATION ELEMENT' (July 2022), and the bottom-right is the 'POLICY ELEMENT' (December 2020). Each panel features a stylized map of Florida, various transportation icons, and a circular graphic. To the right is the cover of the 'Carbon Reduction Strategy' document, dated April 2023, published by FDOT. The cover features a large green leaf graphic, a photograph of a rest area with a sign for 'REST AREA TRUCK PARKING 24 SPACES AVAILABLE', and a circular inset showing a green landscape. A dark teal banner at the bottom of the collage contains the text 'Building on FTP' in white.
