- **Desired Experience**
  - Software Development
  - GIS and Data Analytics
  - Design Plans
  - Standard Operating Procedures
- **Communication**
- **Quality Products**
- **TSM&O Solutions-driven Expertise**

## The Letter

- Use of graphics should add value to the letter.
- TRC prints in black and white, so colors may not be correctly represented.
- Shortlisting will be based on information in the letter and not previous experience with the TRC or the Department.
- Ask questions of and listen to your TRC.
- This TRC prefers a two-column format.
- Check for grammatical errors and edit for clarity. It is a direct reflection on your QC abilities and written communication skills.
- Include key staff and years of experience, but don't overload with resume information.
- The letters are your chance to stand out, so make it count.

## Anticipated Tasks

- Create Custom Dashboards and Visualizations of Data
- Stakeholder Engagement and Presentations
- ATSPM Software Support
- Smart Work Zone Planning
- Support District Initiatives in TSP, CAV, FSP
- Systems Engineering Support
