<u>Commodity or Service Required</u> (commodity class and group, manufacturer, model, and description, as appropriate): 95141700: Prefabricated commercial and industrial buildings and structures

Requestor (division, bureau, office, individual, as appropriate): Maintenance Office

Performance and/or Design Requirements (intended use, function or application, compatibility etc. requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate):

Modular steel solutions that can address virtually any permanent bridging need to accommodate vehicle, rail, vessel, heavy haul, military and pedestrian traffic. Bridge designs must be customizable to achieve desired lengths and widths while also maintaining strength through the addition of prefabricated modular components. All bridge components shall be constructed entirely of high strength, high quality U.S. steel from ISO-certified mills and shall be hot-dipped zinc galvanized to prevent corrosion and allow for easy maintenance.

<u>Intended source</u> (vendor, contractor): <u>Acrow Bridge</u> (Acrow Corporation of America)

Price: \$1,280,000.00

Justification for single source acquisition (what is necessary and unique about the product, service or source; steps taken to confirm unavailability of competition, as appropriate): FDOT currently owns and utilizes proprietary Acrow 300 Series and Acrow 700XS Series bridge components. To ensure all components of the existing systems remain universally interchangeable with proper fit and function, it is essential that all components be procured from Acrow. In addition, Acrow's warranty will be voided if non-Acrow components are used with existing Acrow 300 Series and Acros 700XS Series bridge components.

CONTACT Name: Cassandra Anderson Address: 605 Suwannee Street, Mail Station 20, Tallahasse Telephone: 850-414-4479 Email: cassandra.anderson@dot.state.fl.us	ee FL 32399-0450
Internal tracking number, if any: DOT-SS-22-9081-CA Date posted: 03/18/22	Last day for receipt of information:

This description of commodities or contractual services intended for purchase from a single source is posted in accordance with section 287.057(3)(c), Florida Statutes and will remain posted for a period of at least 15 business days.

<u>Commodity or Service Required</u> (commodity class and group, manufacturer, model, and description, as appropriate): 5141700: Prefabricated commercial and industrial buildings and structures

Quantity or Term (as appropriate): May 1, 2022 - June 30, 2024

Requestor (division, bureau, office, individual, as appropriate): Maintenance Office

Performance and/or Design Requirements (intended use, function or application, compatibility etc. requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate): Modular steel solutions that can address virtually any permanent bridging need to accommodate vehicle, rail, vessel, heavy haul, military and pedestrian traffic. Bridge designs must be customizable to achieve desired lengths and widths while also maintaining strength through the addition of prefabricated modular components. All bridge components shall be constructed entirely of high strength, high quality U.S. steel from ISO-certified mills and shall be hot-dipped zinc galvanized to prevent corrosion and allow for easy maintenance.

Intended source (vendor, contractor): Acrow Bridge

Estimated Dollar Amount: \$1,280,000.00

Justification for single source acquisition (what is necessary and unique about the product, service or source; steps taken to confirm unavailability of competition, as appropriate): FDOT currently owns and utilizes proprietary Acrow 300 Series and Acrow 700XS Series bridge components. To ensure all components of the existing systems remain universally interchangeable with proper fit and function, it is essential that all components be procured from Acrow. In addition, Acrow's warranty will be voided if non-Acrow components are used with exisiting Acrow 300 Series and Acros 700XS Series bridge components.
