Comments: (Internal 6-03-20)

What will be the Pay-Item for this work?

Response: (Melissa Hollis Basis of Estimates Coordinator 6-5-20)

We have been using the normal 520-2- AA Concrete Curb, LF item with project specific items. Upon implementation of the spec/standard, the new A item would be something like:

520-2- AA Concrete Curb, LF

AA=10 (Toll Header Curb)
